BERA FILM SERIES

LEFT, RIGHT AND CENTRE

Starring: IAN CARMICHAEL

Thurs., July 11 — 8:30 p.m. — Lecture Hall

The British knack for satirical characterizations is certainly unsurpassed, and recent imports seem to be mounting into an upward spiral of hysterical antics. In "Left, Right and Centre," they have chosen to lampoon television panelists, political campaigns, and titled Englishmen who convert their estates into tourist meccas. The story centers about a well-known television personality (an expert on penguins) who embarks on a campaign as a Conservative candidate for Parliament. Unfortunately, his Labor opponent is an attractive young girl (daughter of a fish merchant) with a rustic boy friend (a professional muscle builder). Our hero is further ham-strung by his uncle, Lord Wilcot, who is attempting to use the campaign as a promotion stunt for his ancestral estate. Take it from there, and let the fish'n chips fall where they may!

F.A.S. LUNCHEON MEETING

Thursday, July 18, 12:30 p.m.
East Room of the Cafeteria

SPEAKER: ROBERT W. POWELL

TOPIC: The Promise and Perils of International Nuclear Inspection: BNL Experience with the I.A.E.A. Team.

As head of Reactor Operations, Robert Powell has had the most experience with the International Atomic Energy Agency inspections that have been made at BNL during the year or so since the U.S. Government volunteered to allow inspection of four reactors in this country as a pilot operation. He will discuss what problems the inspections have caused, and how successful they have been in a technical sense. He may also forecast how a wide-spread inspection system may be expected to work.

This meeting is a public one, open to anyone who is interested. Take your lunch to the Cafeteria East Room and settle down to hear a good discussion!

FOLK DANCING

Don't miss out! There is folk dancing every Monday evening from 8:00 p.m. to 11:00 p.m. at the Recreation Hall.

PICNIC VOLUNTEERS

Get ready! A member of the BERA Executive Board will be up to see you at your department to recruit the necessary help to run the picnic. No hot stove work this year — just goody jobs like manning a carnival booth, safety watching, ushering, serving beer or escorting beauty contestants. We still need you and your enthusiasm to make Number 6 "the greatest yet."

DR. HENRY M. QUASTLER

It is with deep regret that the Laboratory has learned of the death of Dr. Henry M. Quastler on July 4, 1963. Dr. Quastler had been a Senior Radiobiologist on the staff of the Biology Department at Brookhaven since 1956.

POOL NOTICE

The pool does not open for general admission until 2:30 p.m. daily. Parents bringing children to the Laboratory to swim are requested **not** to do so before **2:15 p.m.**

WISE OWL AWARD PRESENTED TO CHARLES SCHMIDT

A Wise Owl Award from the National Society for the Prevention of Blindness has been awarded to Charles W. Schmidt of Central Shops. Schmidt was looking through the glass peep window of a sandblasting machine when suddenly the air hose came loose and swung up, striking the glass peep window. The window shattered, spraying glass in Schmidt's face. Thanks to the safety glasses he was wearing, Schmidt received no injury to his eyes. Shown in the picture (l. to r.) are: Frank Bell, Welding and Sheetmetals Shop Supervisor, Schmidt, and David Edwards, Central Shops Head.

BNL TENNIS COURTS

We are very pleased to announce that the new BNL tennis courts are now "Officially Open." As you know, they have been undergoing a much-needed resurfacing which has just been completed. Now, with the installation of new nylon nets, all courts are in excellent condition and ready for play.

To assist in supervising the proper use of the courts, a committee of our more active tennis players has been appointed. Members of the committee at the present time are: Al Prodel, Andy Kevey, Boris Lomonosoff, James Brandon, Walter Merkle and John Bookless. At a meeting last week, the members reviewed and updated some of the necessary court procedures. For the information of newcomers and to bring oldtimers up-to-date, a complete list of these procedures will be posted on the courts in the near future. In the meantime, we'd like to bring some of the major regulations to your attention and ask your cooperation in observing them.

1. SCHEDULING — The courts are not specifically scheduled or reserved and can be used on a first come, first served basis. However, when all courts are in use and others are waiting to play, matches should be limited and doubles played when possible. Courts will be reserved and scheduled by the Recreation Office only for tournament finals.

2. USE — The courts are specifically designed for tennis and should not be used for any other physical activity except handball. Handball may be played, but only when the court is not being used and when there are no people waiting to play tennis. (Tennis shoes are a must in all cases.)

3. SHOES — The court surface material is soft and damaged by any footwear other than tennis shoes. **Positively no street shoes.**

4. NET CARE — (a) Three feet at the center is the correct height for nets. Do not overtighten. (b) Loosen nets when not in use, and raise center of net off ground. (Hook on bottom of net attaches to top of cable.)

5. EXCESS WATER — Squeegees are provided for you to sweep off excess water.

BNL IDENTIFICATION CARDS

All employees are responsible for seeing that their BNL I.D. Cards are always in good condition. Please check yours. If the card is soiled, broken or cracked, or if your photograph is old or description inaccurate, please report to the Security Office for a replacement.

CHESS PROBLEM

This week's problem appeared in the Pittsburgh Post some years back. It is White's move and win in four moves. Answer elsewhere in this week's BULLETIN BOARD.

AROUND THE BASE PADS

BY: **BOB CARCIELLO**

A slight error in this column last week showed Medical defeating Dirty Sox, 16-8. The actual result of that game played on June 13 was Dirty Sox 16 - Medical 8. Medical still remains in first place in the National League; however, the Dirty Sox hold second place in the League rather than third, as reported in error.

Many of the games which were rained out in the first round are now rescheduled as the second game of a double header. The high-flying Bubble Boys upped and downed the Upton Downers in the first game of a double header, 13-1. Downed but bubbling, the Downers upped and then downed the Bubblers, who by that time had lost some of their effervescence, 6-1. The Dirty Sox must have worn holes in their sox running around the bases as they defeated the Downers twice in a double header, 25-3 and 8-5.

The Phoubars have done it! They won their first game of the season by taking the opening round of a double header against Metallurgy, 7-6. They dropped the second game, 8-7. Metallurgy was quite busy last week as they also played and defeated the Untouchables, 14-6. Electronics, behind the whirlwind pitching of Jim Hall, registered the first shut-out of the season by blanking Cosmotron, 23-0. The Untouchables proved that the Electronics are not invincible by defeating them 11-6.

The only Laboratory League action was a double header between the Pots-areebies and Chasers. The Pots potted the Chasers twice, 27-10 and 10-8.

STRIKE UP THE BAND

Follow the bands: join the parade, everyone is headed for **Operation Get-Together No. 6**, to be held here on-site on **Saturday, July 27th**. Starting time will be 1:00 p.m.

Pack up the immediate family (remember no guests allowed) and bring your picnic or box lunch (enough for several hours) and get in the car and join us on that Saturday. Of course you will not be admitted if you haven't purchased your tickets. You will find the places to purchase these further down in the article.

Along with the bands that will be playing, for marching, rock-n-roll, and regular dancing, there are going to be all manner of contests. Contests that will include every member of the family, from diaper derbies to the famous **Crazy Hat Contest**. This is a contest that lets your imagination take over and create a chapeau that if it is wild enough will win you the prize. In the following picture you can get an idea of some of those that were in existence last year.

Merry-go-round and **Ferris Wheel** facilities are going to be available, plus pony rides, kiddie rides and everything that goes with the Carnival atmosphere. 10 Regular Carnival Booths are going to be operated for your entertainment. Prizes will be given out all over the place, there is no reason for any member of the family to leave empty handed. With the Free Refreshments that will be available, no member of the family should leave empty.

ROD ROGERS

At 4:45 p.m. in the theatre, your Picnic Committee is going to present a variety show. Comic **ROD ROGERS** will be ably assisted by **VICKI STRINGER** - virtuoso of humorous violin innovations and **CONNIE SHEARER** - acrobatic magician. These and many more fine events will make a wonderful day. So get your tickets and be with us on July 27th.

DEADLINE - No tickets will be sold after 4:00 p.m. Friday, July 19th. - DEADLINE

ATTENTION ALL DEPARTMENTS

Now is the time to enter your contestant for the **Miss BNL 1963** contest. The contest will be held at the Laboratory Picnic **OPERATION GET-TOGETHER No. 6** on July 27.

This year's contest will be unsurpassed for its display of beauty. Not only will we present the usual number of lovely contestants, but we will also have not one, but three famous beauty queens. We will have **Miss BNL of 1963**, whom-ever she may be. **Miss BNL of 1962**, **Liz Honnett**, will also be there. To top off the line-up, we will have that famous friend of Casey Stengel, **Miss Rheingold**.

The only prerequisite for a candidate is that she be employed by the Laboratory. To apply for the contest, fill in the form below and send to **N. Webre, Bldg. 510, Ext. 2658.**
