## BERA FILM SERIES THE CONNECTION

Thurs., Feb. 18 — Lecture Hall — 8:30 p.m.

"The Connection" deals with an unusual theme in a non-conventional and exceptionally frank manner. Its subject is drug addiction and its locale is a Manhattan loft apartment where eight addicts are gathered, waiting for their "connection" to make a heroin delivery. To make payment for the delivery, they have allowed a would-be documentary filmmaker to photograph them while they play jazz and relate anecdotes about themselves and their backgrounds.

The actors perform with brutal clarity, and the camera of Arthur Ornitz suspends the squalid room. The dialog is not without its humorous moments, containing considerable wry wit.

Since its release, "The Connection" has been the center of a censorship battle because of the repeated use of a four-letter word, a term used by addicts in referring to heroin. However, as the New York Supreme Court expressed it, "In most instances, the word is not used in its usual connotation but as a definitive expression of the language of the narcotic. At most, the word may be classified as vulgar, but it is not obscene."

"I found it fascinating as an exhibit of bravura film-making . . . it does not compromise or sensationalize. The four-letter words are there when they have to be there, when the characters would use them naturally . . . (Director) Clarke has done an extraordinary job of cinematizing the original material. Holding to the single setting of the play, her picture becomes a documentary-life investigation of the flat and its inhabitants. As in Antonioni's films, the camera insists that we look . . ."

## BERA EXECUTIVE BOARD ELECTION RESULTS

Mary Kinsley, Lloyd O'Laughlin and Robert Fuchs have been elected to serve on the Brookhaven Employees' Recreation Association's Executive Board for a term of two years.

Mary, of the Nuclear Engineering Department, is well-known for her long association with BNL's Theatre Group, in which she has served in just about all capacities. Most recently, her titles have included Producer and President.

A one-time fast ball softball pitcher at BNL, Lloyd's other activities have included the chairmanship of our Bowling Awards Evening and many roles in Brookhaven social activities, particularly as a member of our square dance band, "The Fearsome Foursome."

Robert is probably best known at the Laboratory for his work in Scouting and his past chairmanship and close association with Operation-Get-Together.

The newly elected members will take office on March 1, joining present Board members, Bud Pollack, George Jackson and Jere Austin.

At this time, we would like to thank the other candidates on the ballot, Emory Egler, Thomas Nelson and Raymond Stoenner, for their active interest in the Association.

## FEBRUARY 22 IS LABORATORY HOLIDAY

Washington's birthday, Monday, February 22, 1965, will be observed as a Laboratory Holiday.

## COUNTY HIGH SCHOOL STUDENTS VISIT BNL

On Thursday, February 11, Brookhaven served as host to a group of selected Suffolk County high school students, in observance of the anniversary of Thomas Edison's birthday. The visit was part of the International Edison Birthday Celebration, in which all major AEC laboratories participate in a program aimed at stimulating the interest of high school students in careers in science and engineering.

Invitations were issued to 54 high schools in the county, and a total of 163 students and 23 science teachers visited

## FORTY-FOURTH BROOKHAVEN LECTURE

By: John E. Denes  
Applied Mathematics Department

Title:

"Talking to Computers"

Lecture Hall — Wed., Feb. 24 — 8:00 p.m.

Large-scale digital computers have in the last few years become an ever more important adjunct to scientific research. However, the effective use of such complex and expensive equipment would have been seriously impeded without the development of machine-independent programming languages such as Fortran and Algol. Such languages make it possible to write complicated programs without special study of the design idiosyncracies of the machine to be used.

As a member of the original SHARE Fortran Committee, John Denes has made important contributions to the development of Fortran, and, in his work in the Applied Mathematics Department, he has been vitally concerned with the growing computer complex at Brookhaven. His lecture will outline the considerations that enter into the creation of relatively efficient languages for talking to computers, and should provide the non-specialist with an interesting insight into the inner problems of computer use.

A buffet supper (\$3.00) will be served at the Brookhaven Center before the lecture, beginning at 6:00 p.m. Reservations should be made at least one day in advance by calling Ext. 2302 before 5:00 p.m. or Ext. 2453 in the evenings.

## THE PLACE TO BE, THE DATE AND TIME TO REMEMBER!

Port Jeff Bowl, on March 6, 1965, at 3:30 p.m. - for the annual Scotch Doubles Bowling Tournament. This year, to add to the fun, bowling will be followed by a "social hour," complete with hors d'oeuvres.

If you wish to form a party of four teams or less, to bowl together on the same pair of alleys, submit your entry blanks and entry fees **at the same time**, and the Tournament Committee will try to meet your requests for this arrangement.

### DECORATIONS HIGHLIGHT SUCCESSFUL DANCE

Through the fog came BNL's 400 to enjoy BERA's Valentine Dance last Friday evening.

There were nothing but raves from the attendees for the marvelous decoration job performed by our Utilities Group. The next committee presenting a dance will have a difficult time to improve on or live up to their fine effort.

Co-chairmen Rad Sprague and John Scandizzo were ably assisted by J. O'Reilly, A. Falango, J. Cizek, J. Kampe, R. Galowski, G. Meyer, R. Marks, J. Disparti, E. Tank and B. Christoffersen - all members of their major committee. Other helping hands too numerous to mention pitched in to make the evening a delight. BERA orchids are due the entire Utilities Group for their excellent presentation of the festivities.

The laugh of the evening came when Joseph Rose awarded the door prize to Walter Tramm and it turned out to be a golden "plumber's helper!" (P.S., Walt also received a bottle of spirits!)

**Who's next?** BERA is planning two summer dances and we need two groups to present them. Call George Sabine for details and join the growing honor roll which now includes the Bubble

### BOWLING SPECIAL EVENT: FINAL RESULTS

With his high individual gross game of 269, Dick Cloke won the \$25 Savings Bond first prize in the Special Bowling Tournament sponsored by the BERA Bowling Board.

The champagne winners were as follows: Flo Weiss, Alice Alberico, John Richter, Ed Yost, Irving Singer, Bill Kollmer and Joe Radocy.

### HIGH SCHOOL STUDENTS -( Cont'd.)

the Lab. Each student, selected on the basis of scholastic standing and interest in science, was furnished with a kit of information on nuclear science and technology.

Following an introductory address by Assistant Director Dr. R.C. Anderson, the students were divided into groups of four or five, and each group was assigned to a scientist working in a field in which the students had expressed particular interest. They visited the laboratory of their scientist-host for discussions about his work and his research tools and techniques.

Chamber Group, Supply and Materiel, Medical, Electronics, Physics Design, Personnel and the Utilities Group.

### SPECIAL EXHIBIT

Materials Research Corporation will present an exhibition of its products on Thursday, February 25, at the Exhibit Hall, 26 Brookhaven Avenue, between the hours of 9:00 a.m. and 5:00 p.m.

**BERA CONCERT SERIES  
THE FESTIVAL WINDS**

**Tuesday, February 23, 1965 8:30 p.m. The Brookhaven Center**

The Festival Winds group fills the need for a permanent organization of virtuoso woodwind players to perform great masterworks of woodwind literature. The group has been honored by invitations to perform at the Library of Congress for the past four seasons and has been greeted with great enthusiasm. Other performances have been given at the Metropolitan Museum and the Currier Gallery in New Hampshire.

The members of the group are Melvin Kaplan, oboe, Morris Newman, bassoon, Charles Russo, clarinet, and Ralph Froelich, french horn.

The program will include works by Stanitz, Beethoven, Hovanes, Auric, Stravinsky and Mozart.
