*A Merry Christmas
and a Happy New Year*

Dr. Frazer Appointed A Deputy Chairman In Physics

Dr. B.C. Frazer has been appointed a deputy chairman of the Physics Department, effective December 15. Dr. Frazer, who received his Ph.D. in Physics at Pennsylvania State University, came to Brookhaven in 1958. At the Lab, he has been a member of the Solid State Group in the Physics Department, where he has carried out neutron diffraction experiments in the study of magnetic structures and ferroelectric crystals, as well as other studies.

During 1962 and 1963, Dr. Frazer was a guest at the Puerto Rico Nuclear Center, Mayaguez, Puerto Rico.

Theatre Group Seeks Conductor, Choreographer

The BNL Theatre Group is still looking for a conductor and a choreographer for its forthcoming production "The Roar of the Greasepaint, The Smell of the Crowd," which is planned for late spring. The conductor will organize and conduct the orchestra, while the choreographer will create and direct original dance numbers for the show.

If you are interested, or know someone who is, please contact Jerry Friedman, Ext. 2548, 928-0509 (evenings), or Carol Roberts, Ext. 437.

Cooking Exchange Club

The Cooking Exchange Group will hold a meeting on Thursday, January 5, from 3 to 5 p.m. at the Recreation Building in the Apartment Area. There will be a small charge of \$.50.

Medical Insurance For Students

Children of full-time regular employees are covered for medical insurance benefits under the employee's family medical plan until the December 31st following their 19th birthday.

Their coverage may be extended beyond that date if they are not married and are attending school on a full-time basis. This may be done by applying for student medical coverage for each eligible child.

Application for student medical coverage should be made at Personnel Services within 90 days from the date the child becomes eligible. The premium for this extended coverage is an additional \$.57 per week or \$2.47 per month.

Employees whose children are no longer eligible for student medical coverage should notify Personnel Services immediately.

BNL Ski-Bums!

The BNL Mountain Club Ski Group Committee will hold a meeting on January 4 at 5:15 p.m. at the Recreation Building. Club policy and proposed ski trip schedule to be discussed.

Skiers and future sizzmarkers (beginners) welcome. There's no time like snowtime - think snow! For further information, call J. Dunn, Ext. 2808.

Sale of Motor Vehicles

Two vehicles, located at Building T-87, will be available for public sale.

Inspection will be permitted from December 22 through December 30, except Saturday and Sunday. Bid opening will be held on January 4, 1967.

This sale will be conducted by General Services Administration. For further details, call Ext. 2509 or 2704.

Seven Employees to Retire at End of Year

Retirement projects will probably be included in the New Year's resolutions of seven BNL employees who will retire from the Laboratory at the end of the year. Six of the group are pictured above (left to right, top): A. Ohlsen, J.E. Rogers, N. Segerdahl; (left to right, bottom): V. Segerdahl, J. Schlitz, and J. Sovansky.

Albert V. Ohlsen, Harry Pietsch and Nils E. Segerdahl, all of the Accelerator Department, began work at the Laboratory in 1947, 1950 and 1955, respectively. The Medical Department will lose Valborg Segerdahl and John Schlitz, both employed since 1956. John E. Rogers and Joseph Sovansky, Plant Maintenance employees, have been with us since 1951 and 1955, respectively.

On behalf of all BNL employees, we wish them good luck and happiness in 1967 and the years to come.

**AUI Distinguished Lecturer: Erwin D. Canham
"The Future of the Printed Word"**

Monday, January 23, at 8:30 p.m.
in the Theatre

Erwin D. Canham, editor-in-chief of The Christian Science Monitor, one of the nation's leading writers, a regular radio and television commentator, and American Delegate to the United Nations will present the Third AUI Distinguished Lecture. The date of this lecture has been changed from January 31 in order to avoid a time overlap with the New York meeting of the American Physical Society.

Mr. Canham will speak on "The Future of the Printed Word," which he describes as dealing essentially with the role of newspapers in our evolving society, but with some relationship to the broader question of communication in connection with the storage and retrieval of general information.

Request forms for tickets will be distributed after Christmas. However, those wishing to reserve tickets

**'OK, Everybody
Out of the Mall!'**

While additional parking facilities were under construction, parking was temporarily permitted at the southwest corner of the grass mall at the junction of Brookhaven Avenue and Center Street. Now that the new parking lots have been completed, however, parking on the mall must be prohibited once again.

Therefore, effective Monday, December 19, no further parking will be allowed on the mall and motorists who have been using this area are urged to take advantage of the new parking facilities adjacent to it.

Parking will still be permitted in the gravel area on Pennsylvania Street across from Physics (Building 510).

Brookhaven Concert Series

The Galimir Quartet

Thursday, January 5, at 8:30 p.m.
Brookhaven Center

Founded in Vienna during the inter-war years, the Galimir Quartet made a deep impression on European audiences. Specializing at first in contemporary music, the Quartet acquired an enviable reputation in this field. It was chosen by Maurice Ravel to record his string quartet, and it made the first recording of Alban Berg's *Lyric Suite*.

When Felix Galimir came to America in 1938 he reorganized the Quartet, which soon took its place in the front rank of string ensembles. "Good string quartets are rare in any age," says, The New York Times. "The United States is fortunate to have had

several fine ones, notably the Budapest, the Galimir, the Kroll and the Juilliard." Its members play an important role in the annual Marlboro Festival directed by Rudolph Serkin, and in the distinguished series of concerts at the New School in New York. Led by Felix Galimir from its early beginnings in Vienna, it now comprises Jon Toth; violin; Samuel Rhodes, viola; and Fortunato Arico, violincello. The program to be presented at Brookhaven this season will include:

String Quartet in C Minor. Op. 18, No. 4, Beethoven; String Quartet No. 6, Bartok; String Quartet in A Minor, Op. 51, No. 12, Brahms.

Single admissions: adults, \$3; children, \$1.50; non employee guests, \$3.50. Refreshments will be served at the Center following the concert.
