Proud Father In Central Shops

12-225-68

James Ryan, Tool and Instrument maker, shows newspaper story about his son Jimmy, who was chosen Football Player of the Year by the Suffolk Sun. The picture in the paper shows the boy and his mother in their West Islip home. Photo by Humphrey

Football Award To Lab Toolmaker's Son

James Ryan, a Tool and Instrument Maker in the Shops Division, has good reason to stand taller than usual these days. His son, Jimmie, a senior at West Islip High School has just been chosen "the outstanding football player in Suffolk County" by the *Suffolk Sun*.

The award is based on football ability, academic excellence, extra-curricular activities, leadership and character. Jimmie, 6'6", 235 pounds, is a defensive tackle, but fills in at tight end, offensive guard, defensive end and defensive linebacker. During the past season he has averaged eight tackles per game, he recovered six fumbles, and harassed opposing quarterbacks all over the field.

In scholarship, Jimmie is also on the first team, ranking 102 out of a class of 580, and maintaining an average of 86.7 with a combined college board score of 1300 out of a possible 1600. In his spare time Jimmie

paints and draws when he has time left over after church work and athletic activities.

Jimmie's father, James, has worked at BNL for more than six years in the Shops Division. In addition to his tool and instrument work he is shop steward, and active in IBEW affairs. On the wall adjacent to his work bench is a newspaper clipping of a story about Jimmie in testimony to his father's pride.

Jimmie's older sister, Barbara, 19, is majoring in Physical Education at Brockport. In her senior year of high school she won the Gold Key award for being an outstanding girl athlete. Tom, his fifteen-year-old brother, is just under six feet tall and wants to be an athlete like his brother. John, 7, and sister Jo, 10, haven't made up their minds yet.

Jimmie is being courted by a large number of colleges for their football teams, and is also applying for an AUI scholarship. Although he was winner of a New York State Regents Scholarship, he did not accept it, because of the many scholarship offers due to his football ability.

One For The Road

The holiday season and its parties, the main winter driving hazard that we share with Florida, is probably overlooked by most motorists who are concerned with winterizing their cars.

A driver may load his radiator with anti-freeze and feel that he's set for winter. Then, at a Christmas party, he loads himself up with a more palatable type of anti-freeze and as a result slams the front of his car against a solid object on the way home. If he is lucky, he just loses the anti-freeze in his radiator, and sobers up in a hurry.

Another guy may have the newest and best type of winter tires. After downing five or six martinis he tries to slip around a curve on glare ice at 50 mph. Those tires might as well be bargain basement baldies for all the good they will do him.

A third fellow leaves his office party all aglow, climbs into his car and accelerates to 50 mph. He notices frost on his windshield and activates the windshield washer secure in the knowledge that it is an anti-freeze solution. It won't freeze in the tank, but when it is sprayed onto the cold windshield at 50 mph, it forms instant ice that completely blocks his vision. If he hits something the windshield will break and he will be able to see again . . . if there is no blood in his eyes.

The best winter protection for your car during this party season is a sober driver. Hot and black coffee taken in liberal quantities before entering the car is one of the best protective measures yet devised. If coffee is not handy, let your wife drive, or park your car and ride home with someone who has not been drinking.

Even without drinks it is wise to be cautious this time of the year. If you leave the office or shop and join the 5 p.m. rush before your eyes are used to the dark roads and glare of other car lights, be alert for bicyclists and walkers. Last week an employee was injured simply because he was not seen by the motorist.

So remember . . . when it's one for the road, make it coffee!

Birth of Cold Spell

On Thursday, December 5, at 3:10 p.m. there were a few clouds in the sky and the weather was seasonally cool. The thermometer read 45° and there was a mild breeze blowing.

In a few minutes, the sky darkened and the wind shifted around to blowing from the west with ever increasing intensity. Minutes later the temperature had increased to approximately 60 mph. A blinding snow squall occurred, and lasted for another five minutes.

After the snow squall ended, the sky cleared to a thin overcast and the wind again became a gentle breeze, but the temperature stayed down around 37°.

This, then was the start of the present cold spell that resulted in steadily decreasing temperatures and constant strong winds. The snow squall was caused by the passage of a cold front that travelled from west to east.

By Tuesday morning the temperature had dropped to 7° above zero, and by

Cold Spell Born 12-229-68

The sky darkens as clouds move in before the coastal squall that started the cold spell. 3:10 p.m.

Ten minutes later winds had increased to approximately 60 mph and the temperature had dropped eleven degrees. 3:20 p.m.

After the squall had ended, the wind dropped and the temperature started to fall towards its present low point. 3:30 p.m.

Wednesday morning had reached a low of 2° above zero.

Frontal squalls of this type are a usual occurrence at this time of the year, but are seldom so rapid in sequence as the one last Thursday. The pictures shown with this article were taken within the period of twenty minutes by Douglas Humphrey of Photography and Graphic Arts.

All Will Be Quiet On Cafeteria Front

During the week of December 16 through December 20 the tables and chairs for Cafeteria patrons will be located in the three meeting rooms and in the lobby while sound absorbing material is being applied to the ceiling of the Cafeteria eating area. The serving area will not be disturbed during this operation. It is planned to have the tables and chairs back in their normal arrangement by Tuesday, December 21.

The lobby area will be similarly treated during the week of January 6 through January 10. This work will be arranged so as to allow access to Berkner Hall for the BERA Concert scheduled for the evening of January 7.

Old Cafeteria Soon To Go 7-350-68

In its last days of glory(?) the old cafeteria was beginning to show some signs of decay. This picture was taken a few weeks before the new cafeteria was opened shortly after Labor Day.

The new cafeteria is reflected by the glass of a mirror that was removed from the old cafeteria. Pipes and electrical conduit all come from sections of the building that is being demolished. 7-348-68 Photos by Humphrey

The decor in the old cafeteria could have been described as "late World War II," in spite of the informal table arrangement and the drapes on the windows.

Hospitality News

The next regular Hospitality Committee coffee meeting will be held on Monday, December 16, from 10 a.m. until 12 noon in apartment 1A. This month's meeting will feature a discussion of the Japanese kimono.

Bring the children - everyone is welcome to attend.

Walk Softly

There will be no issue of safety shoes at the Personal Protective Equipment Room from December 16 through January 3. The shoe room will be opened for the issue of shoes on Monday afternoon, January 6, 1969.

Safety glasses will continue to be issued from the Personal Protective Equipment Room at the usual times.

Dollars and Sense

Leon Meshel
Avoidance of Estate Taxes
by Frank Bloom

Many individuals today tend to overlook the possibility of having an estate large enough to be subject to estate taxes. The usual cause of this oversight is failure to recognize the extent of employee pension plans, insurance proceeds, the value of the personal residence, and any accumulated investments. The sum total can, in some instances, add up to a sizable estate for the individual who neglected any planning under the reasoning that he was "just an ordinary working man." The irony in the above situation is brought out by the fact that the means of avoiding estate taxes are simple and readily available to "Mr. Ordinary Working Man."

One simple means of avoiding estate taxes involves the use of gifts during a lifetime, timed to avoid or lessen any gift tax liability. By gifting certain assets to one's children or spouse, the impact of estate taxes can be greatly reduced or, possibly, eliminated. Without going into details of how gifts can be spread out to avoid any possibility of a gift tax, suffice it to say that in the great majority of cases gift taxes will not pose any problem.

The use of gifts during one's lifetime to avoid estate taxes can accomplish a twofold purpose. In addition to reducing the taxable estate, the transfer by gift of any income producing property will cause the income to be taxed to the recipient of the gifts (such as a minor child or student dependent). In this manner the additional advantages of an extra \$600 exemption (see *Dollars & Sense* 9/19/68) and lower tax brackets can occur. When these tax "breaks" are taken advantage of for an entire family, the income and estate tax savings can be substantial.

Considering the difficulties in accumulating sizable estates due to income and inheritance taxes, the taxpayer should seek whatever tax relief is available under the law.

Radio Club Meeting

The regular monthly meeting of the Radio Club will be held at the Recreation Building on Thursday, December 12.

The nomination of officers for the coming year will be the order of business. All Club members are urged to be there since it will be an important meeting.

Refreshments will be served.

Here and There

Dolores del Castillo

A heart/lung resuscitation class was presented to the members of the Peconic Power Squadron on the evening of November 21 by Paul Edwards (Safety).

The solar neutrino experiment at the Homestake Mine in Lead, South Dakota, is being included in a two-hour program on new ideas in astronomy which is being filmed by British Broadcasting Company-TV. Raymond Davis and John Galvin (Chemistry) and Norb Dernbach (PR) were at the Mine for the filming.

Jules Godel (Chemistry) was elected to the post of Vice Chairman of the Remote Systems Technology Division, American Nuclear Society.

Attending the 14th Annual Conference on Magnetism and Magnetic Materials were: Julius Hastings, Lester Corliss, Hon-Yen Lau and Aldo Tucciarone (all of Chemistry). Hastings was General Chairman of the Conference and Corliss served on the local committee. A joint paper (with Hastings and Lau) entitled "Critical Magnetic Scattering from RbMnF₃" was presented by Corliss. The meeting was held in New York City, November 18-21.

The Big Brothers is a group formed to help boys between the ages of 8 to 16 who are in need of a relationship with an understanding male. The boys are not usually delinquent nor are they difficult to manage. They are just unhappy, shy boys, lacking in self-confidence.

The boys and their 'big brothers' are matched on the basis of mutual interests and personality factors. Bernard Durman of the AGS, father of four children, became interested in the Program being offered in Commack. He was interviewed for his suitability for the program, and was then "matched" with a young boy.

Before knowing Durman, the boy had a poor scholastic record and few friends. But the role of Durman as 'big brother' has brought about a dramatic change in the life of this boy. Durman claims the success achieved has been made possible by the initial "match" by the Program's social workers. He regards the program as a learning experience for himself as well as a beneficial relationship for the boy.

Information regarding the Big Brother Program can be obtained through Durman or through the Big Brother offices in Commack and Mineola.

BNL Christmas Cards

The Film Service Office on 3 Center Street is now selling BNL Christmas cards. The cost of an individual card is 25¢. For quantity purchases of 50 to 99 the price is 18¢ each, and for 100 or more 15¢ each.

Call the Office on Extension 7221 between the hours of 9:00 and 3:00 for additional information.

The Crucible . . . Is Bubbling

The cast selected by Director Julie Peierls to perform Arthur Miller's "The Crucible" has been rehearsing in segments twice weekly since October 28. With the help of Assistant Director John Binnington and Producer-Actor Ronnie Peierls, Julie has her group of twenty Thespians eager to do justice to a great play.

It may be of interest to note that the cast can be said to be comprised of three generations - and so far no noticeable gaps. Though the roles are not given at this time, members of the cast include:

Graham Campbell, of Applied Math
Pat Campbell, closely related to Graham
George Cox, a group stalwart, Tech Photo
Agnes Donahue, promising newcomer,
Medical

Hallie Frazer, delight of Ben Frazer,
Physics

Gerhart Friedlander, man of many hats,
Chemistry

Carl Goodzeit, once a gangster, Physics
John Gorr, almost emeritus, Reactor

Patty Gould, sunshine to Charles Gould,
AGS

Geoffrey Hind, of Hind and Hind, Biology
Dan Hooper, here come the judge, AGS

Bob Marr, a Hallelujah man,
Applied Math

Bruce Martin, name it, he can be it,
Applied Math

Anna Passell, close to Laurence, Physics
Ron Peierls, tote that load, Physics

Gladys Rech, a star of tomorrow?,
Purchasing

Rita Straub, a footlight familiar, Medical
Louise Whaley, a coming attraction,
Physics

Kay Wingate, a former gunman's moll,
I&HP

Luella Zavesky, lady known as Lu, Physics

Remind yourself, now, to be at the BNL Theatre to see them on January 24, 25, 31 or February 1.

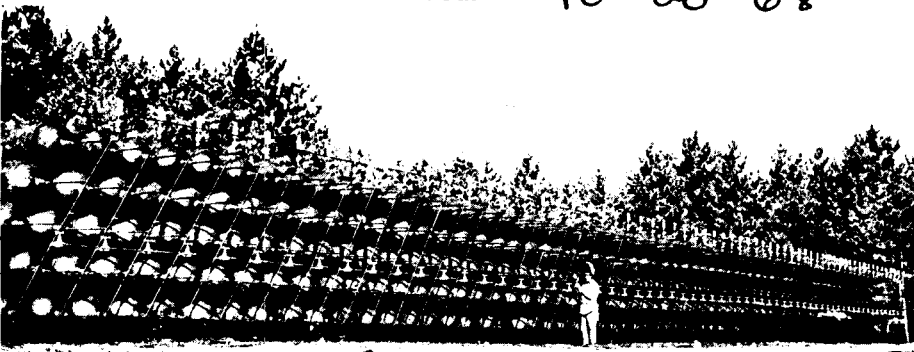

Cooking Exchange Christmas Party

Thursday, December 19, from 4 to 6 p.m. has been selected for the annual Cooking Exchange Christmas party. Husbands are welcome to this party, which will be held in the Apartment Area Recreation Building.

Please call Josette Auerbach (286-3742) or Jackie Newman (AN5-7183) if you wish to attend.

We'll Get Gassed For The New Year

10-20-68

The days of the Navy Blimp and the dirigible have passed and also the need to store gas at the Naval Air Station at Lakehurst, New Jersey. The tanks pictured above have been obtained as surplus from the Navy for storing gasses at the Bubble Chamber complex at Brookhaven. 320 tanks with a combined capacity of 2½ million cubic feet of gas have been set up for storage of Deuterium, Helium and Neon for use in BNL's bubble chambers. The tanks which store gas at a pressure of 1000 pounds per square inch, were set up by Plant Engineering and Planning; the piping was done by Central Shops with Charles Lore doing assembly and layout. Jack Jensen, Physics, Engineer in charge of the project says that the tanks will start filling after the first of the year, and will eventually contain gasses worth approximately \$2.5 million.

Bowling News

Irma Carl

Green League

Electrons in first by five points. Exots took the new high team series honors away from the Electrons by rolling a 2507. R. Hambley rolled a 197-560, D. Menago 201-547, R. Adams 213-547, J. Scandizzo 203-545, E. Fischer 197-537, and W. Austin 181-524.

Red League

The Fabricators knocked the Spoilers from first by a large margin and have now insured their lead. This league seems to be coming up with the most 200's. N. Combatti 224, J. Petro 217, S. Kiss 213, R. DeGregorio 208, F. Abbatiello 205, W. Kollmer 203 and K. Riker 200.

Purple League

Two weeks to go and S & M is in first place. They are followed by the Designers, Phoubars and the Twisters. Any of these teams can take over. The rest of the league has had a lot of fun and can hope for better scores in the second half of the season. On November 27 Joe Scesny bowled a 204-539 series and Mike Iarocci a 203-522. Joe Scesny again led the way on December 4 by bowling a 229-209-611 series, followed by Joe Cuccia's 207-200-590 and Bob Smol's 230-561. Phil Borzi had a 214 and Joe Nocar a 201. In moving into second place this week the Designers set a new high gross series of 3061 for the league.

We have two weeks of bowling news to catch up on. Quite a few of the gals bowled over their average which resulted in some outstanding high gross series. Pat Towey 672, Jo Gazzola 624, Brita McGonigle 621, Joy Wowak 620 and Sadie Kirkup 615. The Medigals still in first and the Hopefuls in second, and there are only four points separating the third through sixth positions. Position night is just around the corner and anything can happen.

BGA Election Results

The ballot boxes closed at 5 P.M. on November 27, 1968 and the counting of the ballots started after a long Thanksgiving rest. With only 53% of the registered golfers voting, the results of the election are:

President Elect - Robert Casey
Secretary - Jack Detweiler
Treasurer - Joseph Abata

President Dick Hildenbrand will call a meeting of the new officers sometime in early January to start planning the 1969 golf season.

Swimming Pool's Schedule Extended

The new extended schedule of the Swimming Pool is now in effect.

Monday through Friday

12:00 Noon - 3:00 p.m.

5:00 p.m. - 9:30 p.m.

Call the Recreation Office, Extension 2808, and order your season pass now.

Admission Schedule

Daily: Employee (Family Member) 35¢
*Guest 60¢

Season: Employee \$10.00

Family \$20.00

*Guests must accompany the employee who is permitted to bring a maximum of 5 guests per family each visit.

The Pool is closed on BNL holidays.

Slo-Break Basketball

by George Latham

Slo-Break Basketball

In last Thursday's games, the Highballs defeated Physics 49-11, with Dave Manago hitting for 13 points for the winners.

The Rat Pack won over the Stratums 43-19 with Snead having 12 points.

The Old Timers were nosed out by AMD 41-38 with Alan Saltzman hitting 8 out of 9 foul shots for a total of 14 points. Tom Nelson had 12 points for the Old Timers.

The Knacks, behind Ed Gill's 18 point effort, downed Biology 52-25.

Volleyball

The League is three weeks into the first half of the season's schedule. The early results of this round-robin have provided no surprises.

Last year's champions, the Spikers, have had the toughest matches so far. They took two of three from a strong Old Timers team, with each team coming from way behind to win one of its games. Then they only fielded a five-man team against the Accelerators and lost two of three.

The standings as of December 6 are:

Accelerators	8-1
Reds	5-1
Old Timers	4-2
Spikers	6-3
Bubble Chamber	2-4
Chemistry	2-4
Blues	0-3
Converts	0-9

Jet Championship Game Tickets

We are delighted to announce that BERA has for sale twenty tickets, priced at \$10 each, for the American Football League Championship Game which will be played at Shea Stadium on Sunday, December 29.

Unfortunately, we have only twenty tickets and we realize our demand far exceeds our supply. Therefore, to give all employees a fair chance of purchasing the sought-after tickets, a drawing to determine the order of sale will be held on Thursday, December 19 at the Recreation Office. The sale will be restricted to employees only. Each employee will be permitted to buy one ticket. If you would like your name entered in the drawing call Blanche Laskee, Extension 2808, no later than December 18. The winners will be notified on December 19.

Personnel Services At the Recreation Office Open Daily 9:00 a.m. to 1:00 p.m.

Theatre Tickets - Theatre tickets to certain shows (listed below) may be purchased at a 20% discount. Schedules and prices are posted in the Office. All orders must be placed in person and accompanied by a check or money order at least two days in advance (no cash will be accepted).

Westbury Music Fair - December 26 through 31, Ann Corio in "This Was Burlesque - 1969 Edition". (Discounts on Friday, Sunday and Monday, only).

Mineola Theatre - Closed temporarily for re-scheduling.

Metropolitan Opera - A few tickets still available for March and April.

Discount Exchange Coupons may be picked up at the Recreation Office for the Broadway shows "Cabaret", now through December 21; "The Price", now through December 24; "You Know I Can't Hear You When the Water's Running", now through December 24. New York Knickerbocker's Basketball Games at Madison Square Garden; Guided Tours through the Madison Square Garden Center.

Athletic Game Equipment - We have on sale many items that may help solve your Christmas shopping problems. Come in any day between nine and one and look around. We have little league baseballs, baseball mitts, softballs, footballs, badminton sets, tennis rackets, tennis balls, shuttlecocks, table tennis paddles, athletic socks, BNL T-shirts, playing cards, combination locks and handy information booklets on table tennis, baseball, diving, badminton, skin diving, Judo, lifesaving, volleyball, archery and bowling.

Toys - Arrangements have been made with Harry Lillywhite & Son to offer 15% discounts to BNL employees on children's toys. We have catalogues in the Office for your use.

Classified Advertisements

Note: Ads omitted due to lack of space need not be resubmitted. They will appear in next week's issue of the Bulletin Board.

Positions Available

RIGGER'S ASSISTANT (8) - Plant Eng. & Planning. Application Deadline: December 16, 1968

Employees interested in applying for above positions should inform their Supervisor and file written request with Employment Office on or before deadline date.

Autos & Auto Supplies

64 CORVETTE - 2 tops, mag wheels, h.d. suspension close ratio 4 spd, 365 hp, 4.11 posi rear, am/fm radio, tinted windows, Hurst shift, 66 louvers & hood. AT6-9197.

426 RAMCHARGER MARK II COMPETITION ENG - Heads, crank, cam & valves, professionally reworked, well over 500 hp. AT6-9197.

SUPER MARKET CAR - 61 Falcon, manual shift, would enjoy semi-retirement to 2nd car status, equipped w/snow tires. 732-4712 eves.

64 MGB - Good running cond, new exhaust system. \$750. 727-8159 after 5:30.

2 SNOW TIRES - 6.70x15, almost new. \$25. Whitey, Ext. 7791.
