

Tune In! Turns On Flood Of Letters

The ink had barely dried on last week's issue of the *Brookhaven Bulletin* when letters to the editor for **Tune In!** started to arrive. Letters received at the beginning of this week have been processed, and in some cases, answers have been mailed to some of the senders.

All of the letters received so far have been retyped with only a code number to identify the sender. The question, comment or complaint has been directed to the person or individual who is most qualified to answer, and replies are now starting to come back to the editor.

It is expected that as soon as the program is operating in high gear, replies will be sent out to each letter writer within the space of one week. Starting next week, selected letters of timely, general interest will be published in the *Brookhaven Bulletin*, together with the requested reply or comment.

A sampling of the letters so far received shows that **Tune In!** has uncovered some areas that are in need of change. Writers to the program show a definite lack of inhibition, yet at the same time show a willingness to seek a reasonable solution to problems.

Except in cases where solutions to problems are obvious, letters are directed to the highest level of management, and will have a courteous and understanding reply. All letters will be answered.

Several conferences have been arranged in order for writers to discuss complicated questions with persons in authority.

One of the first letters received commented that **Tune In!** forms had all been removed from the plastic box in one building. If such a condition exists in any other building, a call to the *Brookhaven Bulletin* on Extension 7238, will correct this situation by the next mail.

The **Tune In!** program is designed to identify and correct problems as they develop. A letter to **Tune In!** will start the ball rolling for either a solution to a problem or a better understanding of why the problem exists.

Watch next week's *Brookhaven Bulletin* for some published replies to some of the **Tune In!** letters.

Where The Buffalo Roam

The National Accelerator Laboratory near Batavia, Illinois, has rented six buffalo to roam on grass near where scientists will study the atom. Officials said the big beasts were cheaper than lawnmowers.

A Pretty Spectacle

Three freshmen from Hollins College in Roanoke Virginia stopped by to see the stereo show of the lunar surface. Over 900 people put on the polarized glasses to look at these startling stereo shots of the moon last Thursday and Friday. The girls are: Lindy O'Connor, Lynne White and Liz Klein. —Humphrey

Food For Thought With AAAC

Members of the Affirmative Action Advisory Committee met with employees of BNL in the cafeteria during lunchtime on November 5. Employees who had gripes, comments or interest stopped in to join the round table discussion. Announcement will be made in the *Brookhaven Bulletin* of the next open lunchtime meeting. —Humphrey

Udall's AUI Lecture A Look At Tomorrow

Last night's AUI Distinguished Lecturer, The Honorable Stewart L. Udall, gave his enthusiastic audience a look at the problems and solutions that will face us in the world of tomorrow.

Udall, a dynamic speaker, presented a unique look at the crisis of the environment that stems from the mass migration from rural to urban areas all over the world.

At an informal reception following the lecture, Udall was the center of a group that sought further amplification of some of the ideas that were expressed during the lecture.

Thursday morning Udall met with staff members concerned with environmental problems, and then toured the Brookhaven Ecology forest. After the conferences and tour, he returned to Washington.

A review of the lecture and pictures of the visit and tour will be published in next week's *Brookhaven Bulletin*.

Center Holiday Schedule

The Brookhaven Center will be closed on Thursday and Friday, November 27 and 28. The Snack Bar in the cafeteria will be open from 9 a.m. until 2 p.m. Thursday through Sunday.

The Vending Machines in Building 912 will provide eating facilities during this time.

Safety Item Issue Times

Safety shoes and glasses will be issued from the lower level of Building 535

Art Exhibit Opens Monday

This year's Art Exhibit will be held in the Exhibit Hall on Brookhaven Avenue, the same as exhibits in past years.

Last Call for Scholarship Applications

If your child is now a High School senior and you have neglected to pick up an application for the AUI Trustee Scholarships, please do so today. November 14 is the last day applications will be accepted at Educational Testing Service, Princeton, N. J. Forms are available at the Office of Scientific Personnel, 40 Brookhaven Ave.

BERA Art Show Opens November 17

The Fourth BERA Members' Art Exhibition will open at 8:00 p.m. on Monday evening, November 17, at the Exhibit Hall, 26 Brookhaven Avenue. All employees and their families are invited to the opening, when it is hoped that many of the artists will be present. The exhibit will continue through Tuesday, December 2, with the Exhibit Hall open on weekdays between 8:30 a.m. and 5:00 p.m. except on November 28 and December 2, when it will remain open until 8:30 p.m.

The coming show promises even more variety in the choice of interesting and unusual media than the third exhibit (shown below), which was held two years ago. Along with over one hundred paintings and drawings, the following media are among those represented: stained glass, tapestry, ceramics, driftwood collage, flower arrangement, crewel work, and rug weaving.

It is hoped that all BNL employees and their families will visit the art show to enjoy the many and varied artistic talents of their fellow members of BERA.

Medical Researcher Wins Lasker Award

George C. Cotzias, Senior Scientist and Head of the Physiology Division of the Medical Department was named winner of the 1969 Albert Lasker Award for clinical medical research. The award of \$10,000 was made to Dr. Cotzias today at the St. Regis Hotel in New York City.

In addition to the honorarium of \$10,000, Dr. Cotzias was presented with an inscribed statuette of the Winged Victory of Samothrace (symbolizing, in this instance, victory over death and disease), and an illuminated citation. Dr. Cotzias won the award for his demonstration of the effectiveness of large daily dosages of L-Dopa in the treatment of Parkinson's Disease.

Senator Warren G. Magnuson, Chairman of the Sub-Committee on Appropriations for the Department of Health, Education and Welfare, was the luncheon speaker. Dr. Michael E. DeBakey, chairman of the 1969 awards jury was the chairman of the luncheon.

This is the 24th year of the Albert Lasker Medical Research Awards. Since they were established in 1946, twenty-one Lasker Award winners later became Nobel Prize winners.

George C. Cotzias

The citation for Dr. Cotzias' award reads as follows: "Parkinson's disease, often called 'shaking palsy,' is a disease that, in this country alone, claims 1.5 million victims.

The remarkable contribution of Dr. Cotzias and his colleagues is the dramatic demonstration that large, daily dosages of L-Dopa can reverse most of the crippling effects of Parkinsonism. In an editorial in the *New England Journal of Medicine* their work is called 'the most important contribution to medical therapy of neurological disease in the past 50 years.'

The significance and implications of this work are enormous. The basic research that led to Dr. Cotzias' method of treatment of Parkinsonism with L-Dopa has opened the way to the treatment of other neurological diseases and has created the need for new neurochemical concepts.

Dr. Cotzias' contributions are the product of imaginative hypotheses, perceptive analytical thinking, laboratory experimentation, and careful clinical investigation. They have clearly projected the future role of neurochemistry in the treatment of neurological diseases.

To Dr. Cotzias, a brilliant scientist deeply dedicated to the conviction that through basic medical research and its application to clinical research, the human suffering of crippling disease can be eliminated, this 1969 Albert Lasker Clinical Medical Research Award is given."

At the same Award Luncheon, a similar award was made to Dr. Bruce Merrifield, Professor of Biochemistry, The Rockefeller University, who created a new concept and a new method for the synthesis of polypeptides and proteins - a development of potentially wide therapeutic value. Dr. Merrifield's award was in the field of Basic Medical Research.

Tea Time At The Center

Polly Van Horn (left) Outgoing Chairman of the Hospitality Committee examines an exhibit table with other chairladies of the Annual Tea and Sherry Party. They are (left to right) Ruth Cottingham, Marilyn Shellabarger and Mary Cay Hanks. Marge Ehrenson, another member of the committee was missing when this picture was taken.

Josette Auerbach (in authentic French costume) serves sherry to Incoming Chairman of the Hospitality Committee for 1970.

Polly Van Horn shows tearful surprise as she receives a gift to honor her service as Hospitality Chairman. Margaret Williams (right) made the presentation.

Margaret Cool (left) serves tea to Marta Kevey, who is wearing a Hungarian costume and to Norma Chernick (right) past chairman of the Hospitality Committee.

Attention All Wives!

Polly Van Horn, Chairman of the Hospitality Committee, wishes to thank all the members of the Committee who worked so hard on the tea and sherry party; and every member of the Committee wishes to extend her most sincere thanks to those who brought in their treasures for display, contributed food, or helped in any other way to make the tea and sherry party such a big success.

Theatre Group Poetry Reading:

*"Voice and Verse their powers unite,
November 19th. (Wednesday night).
And lest the Muse should prove too fleeting,
There'll also be a business meeting."*

If you have forgotten the difference between doggerel and poetry, attend the Nov. 19 meeting at 8 p.m. in the Chemistry Bldg. Seminar Room. Poems by Carroll, Auder, Marlowe and many others have been selected and will be read by some of the Theatre Group's finest voices.

**Floating Holidays
For 1970 Announced**

"Floating Holidays" for calendar year 1970 have been selected. In both cases, the Floating Holiday will allow for a four-day weekend in conjunction with a regular national holiday.

On Thursday, May 28, the first of the non-fixed holidays will occur to extend the Memorial Day holiday to four days.

The second floating holiday will be on Thursday, July 2, which, coupled with the Independence Day holiday on July 3, will allow for another four-day weekend.

For the record, the holiday sequence for these two weekends is:

Thursday	5/28	Floating Holiday
Friday	5/29	Holiday
Saturday	5/30	N/S
Sunday	5/31	N/S

Thursday	7/2	Floating Holiday
Friday	7/3	Holiday
Saturday	7/4	N/S
Sunday	7/5	N/S

Here and There

Claire Lamberti

Dr. Charles W. Kim (Medical) presented a paper at the 44th Annual Meeting of the American Society of Parasitologists held jointly with the American Society of Tropical Medicine and Hygiene at Washington, D.C., November 3-7, 1969.

A testimonial for Ike Cole (Personnel) and his wife will be held at Felice's Restaurant in Patchogue on Sunday, November 16 at 5:00 p.m. Ike is going to the AEC, Washington, to join the Department of Nuclear Education and Training. For further information on the testimonial, call Ella McLean, Ext. 2869.

Dr. George C. Cotzias (Medical) was Chairman of the Laurentian Research Conference on L-Dopa. The conference, held in Quebec, Canada on November 9 thru 11, explored the basic mechanisms underlying the therapeutic results with L-Dopa and the production of side-effects. In addition to being Conference Chairman, Dr. Cotzias gave the Lead-Off statement on the Sunday morning session and was a member of discussion panels on Sunday afternoon and Monday morning.

F.P. Cowan (Health Physics) recently returned from a trip to Japan where he attended the annual meeting of the International Commission on Radiation Units and Measurements, attended meetings of the International Congress of Radiology, and gave two lectures at a meeting of the Health Physics Society of Japan entitled "Problems of the ICRU, NCRP and ICRP" and "The Radiation Safety Problems of the New Generations of Accelerators in the U.S."

Dennis Puleston (Information) was in Washington, D.C. on November 5-6 to attend meetings of the AEC's Technical Information Panel.

J.W. Baum (Health Physics) attended the Second Symposium on Microdosimetry at Ispra, Italy, October 20-24, and presented a paper entitled "Comparison of Distance- and Energy-Restricted Linear Energy Transfer for Heavy Particles with 0.25 to 1000 MeV/amu."

J. Baum, F. Cowan, C. Distenfeld, and A. Nappi (all of Health Physics) attended the Second International Conference on Accelerator Dosimetry and Experience sponsored by the AEC at Stanford, California, November 5-7. J. Baum and F. Cowan presented papers entitled "Factors Affecting Pulse Size in Sealed Tissue-Equivalent Counters" and "Recent Work of the NCRP, ICRU and ICRP of Interest to Accelerator Health Physicists," respectively.

F. Cowan (Health Physics) attended meetings of the AEC Advisory Panel on Accelerator Radiation Safety at Los Alamos, N.M., November 10-11.

Alex Tsolis (Chemistry) has accepted a teaching assignment at the State University of New York at Stony Brook. He will give a course in organic chemistry during the October-January term.

Alfred Wolf (Chemistry) gave a talk on careers in chemistry at the Corning College Day Series in Elmira, New York.

Ronald Withnell (Chemistry) attended the Vacuum Society Meeting held in Seattle, Washington, October 28-31.

Mortimer Kay of the Puerto Rico Nuclear Center is spending six months in the Chemistry Department as a Research Collaborator to carry out research on neutron scattering.

**Puleston To Speak
On Conservation**

Dennis Puleston, Head of the Information Division of BNL, and an active conservationist, will speak to the public about conservation at a meeting on November 20 sponsored by the League of Women Voters.

The meeting will be held on Thursday, November 20 at 8:30 p.m. at the Carriage House of the Brookhaven-Southaven Presbyterian Church in Brookhaven.

Puleston will give information on Suffolk County's conservation efforts, the Environmental Defense Fund's latest legal battle, and the pesticide problem. Mr. Puleston is a member of the Town of Brookhaven's Board of Waterways and Natural Resources, and Chairman of the Environmental Defense Fund.

Christmas Is Coming!

Our Postmaster bids us remember that we can make the Christmas Season brighter if we follow a few simple rules.

Be sure to include the zip code in addresses and put a return address on your cards. There are code directories in the Post Office lobby, or you may call Ext. 2123 for assistance.

Mail your cards and packages early to make sure they arrive in time for Christmas. The following schedules are listed for your convenience:

Parcel Post	
Out of State	December 1
Local	December 13
Christmas Cards	
Out of State	December 10
Local	December 15

Cooking Exchange

The next meeting of the Cooking Exchange will be held on Thursday, November 20, from 3 to 5 p.m. in the Apartment Area Recreation Building. Cooking a Thanksgiving dinner will be featured in the demonstration.

A fee of 50¢ will be requested from each adult to defray the cost of the demonstration and the babysitters.

In Memoriam

Arthur N. Abrahamsen of the Physics Dept. who had been employed at the Laboratory since January, 1951, died on November 5, 1969.

Cafeteria Menu

Week Ending November 20, 1969

Friday, November 14	
Old Fashioned Clam Chowder	
Fish 'n' Chips/Sauce Tartar	.65
Round Roast of Beef/Pan Gravy	.65
Tunafish Pie/Pastry Cover	.80
Monday, November 17	
Vegetable Soup	
Chicken Cacciatore	.70
Breaded Pork Chop/Apple Sauce	.65
Browned Corned Beef/Chili Sauce	.65
Tuesday, November 18	
Beef Barley Broth	
Barbecued Short Ribs	.65
Beef Chop Suey on Rice	.75
Broiled Chicken Livers/Bacon Strips	.65
Wednesday, November 19	
Cream of Mushroom Soup	
Veal Patti Parmigiana	.70
Knockwurst w/Sauerkraut	.65
Fried Scallops/Sauce Tartar	.65
Thursday, November 20	

**Special Thanksgiving Dinner
\$1.25**

Turkey Noodle Soup or Apple Juice	
Choice of	
Roast Turkey w/Giblet Gravy and Cranberry Sauce	
or Baked Sugared Cured Ham w/Raisin Sauce	
Choice of	
Candied Sweet Potatoes or Whipped Potatoes	
Choice of	
Mashed Yellow Turnips or Buttered Mixed Vegetables	
Assorted Relishes	
Celery - Carrot Sticks - Radishes - Olives	
Choice of	
Apple - Pumpkin - or Mince Pie	
Rolls, Butter	
Coffee or Tea	

They Could Have Danced All Night

Wayne Foster mans the mike to direct the dancers in the Alley Cat.

Excursion - A Ball!

That's what the crowd of over 300 said of BERA's dance which was held last Friday night in the Gymnasium. Usually the measure of success is the number of attendees on the dance floor throughout the evening. If that is truly the measure, then this dance was most successful. The Wayne Foster Orchestra had something for everyone - slow, fast, rock and classic. The exhausted dancers gave the band a standing ovation at the end of the evening.

Orchids went to Chairman Robert Lundgren and his decorating committee which included Camping Club members John Jenny, Harvey Bumstead, Elton Tank, Ken Anderson and Dick Brennan.

John Jenny, newly elected Vice-President of the Camping Club, volunteered to handle the Master of Ceremonies chores and did an excellent job.

Other highlights of the evening included the awarding of the handsome table centerpieces to the person sitting at the lucky chair at each table, and the drawing for the door prize (a leather traveling case equipped to hold 2 quarts of BERA Private Stock) to Michael Rutkowski of Patchogue.

John Jenny told the audience that many departments and groups had presented dances on behalf of BERA including Supply & Materiel, Machine Shop, Bubble Chamber, Medical and several others. He stated "If your group would like to committee an upcoming dance, give George Sabine a call to find out the details."

Door Prize went to the young man on the left, Michael Rutkowski. Helping with the presentation are: Blanche Laskee, Recreation Secretary; Elton Tank, Camping Club; and at the mike, John Jenny, Vice President of the Camping Club, who arranged the dance. —Rosen

Bowling News

Irma Carl

Purple League

It was a wonderful night for 500 series; Jack Austen was best with a 256-577 followed by Bob Eberbach 532, Vinnie Felice 530, Mike Iarocci 515, Mike McKenna 514, Charlie Tomesch 510, Ed Sperry 501 and Joe Cuccia 202-486.

S & M with their three 500's won it all from the Electrons and moved into first place as Bagel's Bums took two games and the wood to drop the Designers into second. This fascinating story of who's in first will be continued next week.

Red League

Jim Lee rolled the league high game of 246 with a series of 613. J. Ferrante came in with a 216.

Pink League

The All Toes are closing the gap in their march for first place. Helen Caisey (192) and Mona Vitale (191) are doing some good bowling and respectable series were rolled by Marie Brenner, Maebelle Madden, Brita McGonigle, and Pat Oster.

Snow Closing

As in past years, Lab employees are urged to listen for closing notices before starting to work on a snowy day. Information on emergency closing due to inclement weather will be carried by the following radio stations:

	AM	FM
WRIV Riverhead	1390	-
WHRF Riverhead	1570	103.9
WPAC Patchogue	1580	106.1
WALK E. Patchogue	1370	97.5
WLNG Sag Harbor	1600	92.1
WBAB Babylon	1440	102.3
WHLI Hempstead	1100	98.3
WLIX Islip	540	-
WGSM Huntington Station	740	94.3
WGLI Babylon	1290	-

Soccer

M.T. Hutchings

A fine Saturday morning on November 1st brought out fifteen players for our second weekend practice game. We shall be arranging more of these outdoor practices on weekends when we don't have matches.

Five-a-side soccer will get underway on Monday, November 17th at 7:30 p.m. in the Gymnasium. Come along, or phone Ext. 7608 or 7193. As this is our first venture into competitive indoor soccer, we shall draw up sides, and rules, during the first two weeks. Then after a few friendly games we shall launch the inter-departmental league. Come along!

Reports on our games with Yale Graduates and Grumman Res. next week.

Girls Need Help!

We have delayed the official start of our Mixed Volleyball League Program until November 24th because we have more women signed up to play than men. Since this is the first time this has happened, we thought we'd give you gentlemen another opportunity to join the fun.

If you would like to play on Monday evenings at 5:30 p.m., or if you would like more info, call Blanche Laskee on Extension 2808.

BNL Gridiron Greats

Above: Championship Slow Pokes are (in front) Dave Schweller, Andy Fogarty and Bob Jansson. At rear (left to right) Morris Gottfried, Jerry Warner, George Oldham, Tom Prach, Steve Feldberg, Jack Brennan, Charlie Quappe and Jim Hooper.

Champions and Second Place winners of the BNL Football League are pictured. The season has just ended. George Sabine, Recreation Director presented the footballers with BERA trophies at an award presentation in the Gymnasium Wednesday, November 5.

Captains of the winning teams are: Tom Prach, Slow Pokes (right) and Tom Lee, Rat Pack. —Lauber

Below: Second Place Rat Pack: In front is Tom Lee. Rear (left to right) Frank Campbell, Ray Atkins, Pete Stillman, Bill Alster, Jens Pettersen, Walt Reams and Tony Wisowaty.
