Warm Watts And Cool Currents At BNL Lecture

Eric B. Forsyth of the Accelerator Department will deliver the 114th BNL Lecture on Wednesday, October 25, at 8 p.m. in Berkner Hall. "Warm Watts and Cool Currents - Power Transmission by Superconducting Cable" is the title of Mr. Forsyth's talk.

As electric power demands increase in the U.S.A. it is becoming difficult to transmit this power in urban and suburban areas by overhead lines. This is due to both the cost of right-of-way and reaction to unsightly supporting towers. Unfortunately, conventional underground transmission cables suffer from technical drawbacks and very high cost - which account for the fact that only about 1% of transmission circuits are underground today. Thus a great deal of effort is now being expended to find new ways of building underground transmission systems which will be technically and economically attractive.

One possibility is to utilize the phenomenon of superconductivity by making the cable from suitable materials placed in a long, cylindrical, refrigerated Dewar. This approach was investigated during the past year by a group at Brookhaven under a grant from the program of Research Applied to National Needs of the National Science Foundation. Cautious optimism was expressed in the final report issued by the study group and now a development program has been funded at the Laboratory which will culminate in the construction of a half-mile model which should be capable of carrying all the electric power used on the Laboratory site.

Eric B. Forsyth was born in Bolton, England, in 1932 and obtained a B.Sc. in Electrical Engineering at Manchester University in 1953. He served as a fighter pilot in the Royal Air Force and then emigrated to Canada where he obtained the M.A.Sc. degree in Electrical Engineering from Toronto University in 1960. He joined the staff of the Accelerator Department in that year and was appointed Chief Electrical Engineer of the AGS Division in 1965 and Deputy Head of that division in 1967. He is now manager of the Power Transmission Project.

Mr. Forsyth's hobby is sailing and he lives in Brookhaven hamlet with his wife and two children.

Chess Club Notice!!

A BNL Team is being formalized. Outside competition will begin October 20th. The tournaments are to be held in Bethpage every other Friday. If you would like further information call Sheldon Shanach at Ext. 2451 or attend the meeting tonight (Thursday) at the Recreation Building.

Members are needed for the team and due to the October 20th deadline, time is crucial. Also, a voluntary round-robin has been initialized and names are being taken for those who would like to enter. This is designed to establish player's strength in the club for future tournaments and also to enable everyone to play everyone else.

For further information please call T. Jesaitis Ext. 3297 or G. Malcolm Ext. 3298, or attend tonight.

R&D Funding Talk

Dr. John D. Baldeschwieler, Deputy Director of the U.S. Office of Science and Technology presented a talk entitled "Trends in Federal Funding of Research and Development" at a Laboratory Seminar sponsored by the Chemistry Department on October 11. The seminar was presented in Berkner Hall to an audience of approximately 300 staff members.

Hospitality News

The Laboratory's Hospitality Committee, which is made up of staff members' wives, welcomes newcomers to the community. The following is a list of the area chairladies who serve on this committee. Please feel free to contact these ladies if they may help you.

Directorial Search

The Advisory Committee appointed by Dr. G.F. Tape to assist in the search for the new Director of BNL has been busy sharpening a set of criteria for the selection of the Director and narrowing the choices from an initial list of over 100 names.

Last Thursday, October 12, the first joint meeting was held between this committee chaired by Dr. Tape. The Advisory Committee expects to report more fully to the Trustees' Committee at another joint meeting in the very near future.

Medical Team Reports On Marshallese Exam

Dr. Robert A. Conard, head of the medical team that recently returned from its annual examination of the Marshall Islanders exposed to fallout from a 1954 Bikini weapons test, has reported two new cases of thyroid nodules and one case of acute myelogenous leukemia.

Two of the three were among those living on Rongelap Atoll in 1954, site of the heaviest fallout from the test. The third was exposed to fallout on Alingnae.

The leukemia patient is a 19-year old male from Rongelap who had previously been operated on in 1968 in the United States for partial removal of his thyroid and has since been receiving thyroid hormone treatment. This is the first case of leukemia to be found in the exposed population.

The young man's leukemia was suspected following a routine blood examination by the medical team. He returned to the United States with the medical team, arriving at the Brookhaven National Laboratory Medical Center on Saturday, September 30, where the initial diagnosis was made. Last week he was moved to the National Institutes of Health Clinical Center for further tests. Following a biopsy on October 10, 1972, the diagnosis was confirmed. He is being treated by a team of leukemia specialists.

The two new cases of thyroid nodules involve an 18-year old and a 29-year old female, both of whom now live on Majuro. Both will be brought to the United States for treatment in the next few months.

Accompanying Dr. Conard on this year's examination were six medical specialists from the United States in the fields of thyroid physiology, pediatrics, ophthalmology, internal medicine, and radiology, plus three foreign radiological health specialists, one from Great Britain and two from Japan. In addition the medical team was assisted by six medical technicians from BNL and the Trust Territory of the Pacific Islands.

Forty Carats

If you've ever wondered what a play looks like midway through rehearsal, come to the Theatre tonight at 8:00 p.m. Scenes from the Theatre Group's Fall production, "Forty Carats," will be presented to amuse you.

If you've ever considered working on the technical side of a play this is also a good time to volunteer and to find out what there is to do and how it's done. Refreshments will be served following a short meeting of the Theatre Group.

Holiday Schedule Diners Please Note

The Tap Room at the Center will be closed Saturday and Sunday, October 21st and 22nd; it will reopen Monday, October 23rd at 5:00 p.m. over the Veteran's Day weekend.

At the Cafeteria, only the Snack Bar will be open from 9:00 a.m. until 2:00 p.m. on Saturday, Sunday and Monday, October 21st, 22nd and 23rd.

The Vended Food Service in Building 912 will be in operation throughout the Veteran's Day weekend.

Gerhart Friedlander, Chemistry Department Chairman, introduced Dr. John Baldeschwieler at Berkner Hall on Wednesday, October 11.

Painting Exchange

Fall weather means it's time for the annual exchange of paintings loaned to the BNL hospital. These paintings give color and cheer to the patients' rooms and the corridors as nothing else can. It is hoped that artists will be as generous this year in loaning their work as they have been in the past.

Paintings which were loaned this past year should be picked up November 7 at the Occupational Therapy room in the Medical Department. Work to be loaned for the coming year should be taken to the same place on those dates. All work must be framed and ready for hanging, and may be marked "For Sale" if the artist wishes. All paintings are fully insured by the laboratory.

New participants in this annual exchange are most welcome. If there is a question, call Mrs. Veronica Brooks, 345-3684, or Mrs. Helen Kouts at 286-1278.

AUI Scholarships

Applications for the 1973 AUI Trustee Scholarships are now available in the Office of Scientific Personnel. Up to ten scholarships will be awarded to children of regular employees of Brookhaven National Laboratory. In addition, two Affirmative Action Scholarships will be awarded to children of minority employees of BNL, NRAO and AUI. Each scholarship will be in the amount of \$900 per year for up to four years and will be available to students entering an accredited college or university in the United States. The deadline for filing applications is November 17, 1972.

Phys Rev Girls Overwhelm In Court Contest

Christine Saitta and Laura Kurz of Physical Review Letters, runners up in last year's annual Physical Review-ADP Tennis Tournament, demonstrated what a year of practice can do by convincingly trouncing Bob Ehler and partner, George Malcom, without resorting to "oops" and "do-overs," in this year's annual return of this tennis classic.

This year's tournament, a veritable marathon, was played on three different days extending over a two-week period and was highlighted by a great come-from-behind effort to achieve final victory for the girls, 1-6, 9-7, 6-3.

The first day of play was finally adjourned by mutual agreement at 3-all in the second set, following a lopsided first-set victory by ADP which generated a monumental false feeling of over confidence in that team. As a result, in what could be interpreted as a misplaced example of male chauvinism, the ADP team decided that it would be an unfair tactic to continue to hit hard shots to Laura during the remainder of the match.

During the second day's play, despite the presence of a swarm of flying insects, reputed to be yellow jackets, which kept the players occupied with hitting at the air as well as the ball, the girls retained enough concentration to take the second set and even the match.

The final set was loudly punctuated by girlish squeals of joy and anguish which announced the progress of play to all within ear-shot. This set was notable for the sluggish play of the ADP team, which appeared to be frozen in its tracks, as well as the consistently steady and often brilliant play of Miss Saitta and the fancy ball handling of Miss Kurz while serving. Once the score reached 2-all, ADP errors caused the squeals of joy to become more frequent. These squeals reached a crescendo when the final point was scored. It is now a case of "wait 'til next year" for ADP.

Camping Club News

On Veterans' Day weekend, Oct. 21, 22 and 23, the Camping Club is going to Sky Park Campgrounds on U.S. 199 2½ miles east of Red Hook, New York. The fee is \$3.50 a night with electric and water.

There is a lot to see in this area including the Old Aircraft Museum and Air Show at Rhinebeck, New York.

The Club would like to invite all campers in the Lab to join them in this, our last trip of the season.

Please contact John Jenny, Ext. 3353 as soon as possible.

IBEW Meets October 26

Local 2230 IBEW will hold its regular monthly meeting on Thursday, October 26, at 8 p.m. in the K of C Hall, Railroad Avenue, Patchogue. There will also be an information meeting for shift workers, at 2 p.m. in the Union office at 31 Oak Street, Patchogue.

On the agenda will be regular business, committee reports, and the President's report.

Lucky Winners

Both winners of the "Friday the Thirteenth" ticket contest came from the Accelerator Department.

The first winner was Gilbert Spira, who claimed his two tickets with a life number of 5413. Leonard Kalmar, life number 7813 was the second prize winner.

Each winner was presented with two tickets to the NET's - Kentucky game at the Nassau Coliseum last Friday night.

Film Prices Bettered!

In case you missed the few prior notices which appeared in this paper, let us remind you that effective September 1 the price schedule at the Film Service Office was greatly improved.

The discount on film and supplies has been increased considerably and savings in many cases improved from 20% to 37%. In addition the discount on processing done by Triangle Photo Service has been increased from 20% to 25%. You'll find those savings difficult to beat.

Stop at the Film Service Office now and compare! All the prices are posted and we will be happy to find answers to all your questions. We will give you quick service on your black and white or your color work. We have albums in stock as well as cameras, flash equipment and polaroid film.

We're open Monday through Friday from 9:00 a.m. to 3:00 p.m. You may call us for service or information on Ext. 3347.

Athletic Equipment

We now have certain items of athletic equipment on hand - for sale to employees - Drop by for tennis balls, locks, sox, instructions books, combs, ping pong paddles, badminton birds, playing cards, softballs, bathing caps, nose clips, ear plugs, BERA T-shirts, BERA emblems, BERA cookbooks, etc.

Do Your Thing

Is building and carpentry your thing? The Theatre Group needs volunteers for set construction this month. If you are interested please contact Rita Straub on Ext. 3580.

Green League

A total of 2931 pins worth of 200 games were rolled this week by the First Infantry Division of BNL Bowlers - C. Gardner 224, E. Meier 222, E. Sperry 217, J. Berech 206/211/568, N. Parinello 211, C. Bohnenblusch 211, R. Jones 211, D. Stelmaschuk 210, C. Tomesch 205, J. Ferrero 202, S. Kiss 201, W. Kollmer 200, and D. Plows 200.

Congratulations to J. Ferrero who also won his Club Award with a 696 gross series. N. Parinello converted a 4-7-10 split without his cigar. High team series were the Designers 3045, Sandbaggers 3057, and the No Names 3093. (If the "nameless" team doesn't start bowling instead of fishing, their name will be MUD).

Pink League

First place has now been claimed by the Hopefuls, dropping the Fiscal Assets to second. The Pinsplitters have moved from fifth to third, the PIU's are holding onto fourth and the Spares were bumped to fifth. The Alley Oops moved up a position to sixth. Total wood remains the factor in the close team standings. Highs for 10/10: Helen Caisey 184/490 and Patricia Oster 193/493 (high game and series for the night).

Black and Blue League

Midway through the first third, we have a very close race position-wise, with the Caisey Cats in first, the M & J's in second, third place is tied up between the Odd Couple and E.L.S. (E.L.S. still has to make up one game, which could propel them into first). Highs for the night: Bill Lebitski 209/568 scratch/679 gross series, Helen Caisey 204/504, and Pam Spencer 171.

Red League

The Soc-Et-Tuum's moved into first place last week. 200's for the night: for the Charlie Brown's - Jim Baranosky 222, Soc-Et-Tuum's - George Meinken 201, for the Arc's - Jim Carroll 200, Lucky Strikes - C. Buzzeo 206/590 series, and for the Neutrons - Ben Belligan 203.

Bowling Criticism Wanted

To often unfortunately, helpful suggestions or worthy criticism is heard after an event has occurred. All bowlers should keep in mind that the Bowling Board is in existence for the benefit of the bowlers. Although the Bowling Board is restricted in some areas, such as BERA regulations and financing, there is always room for improvement in the BNL bowling program.

Lane conditions, scoring procedures, special events, rules, tournaments, social activities and correspondence are just a few of several areas where suggestions, ideas and criticisms are welcomed. Naturally, not all suggestions will result in changes, but all of your comments will be considered. The Bowling Board must act for the best of the majority and also consider past experiences. When possible, make your suggestions through your team captains, who in turn should approach their league secretary, but don't hesitate to approach any Bowling Board members when the above procedure is unavailable.

Basketball

It is still not too late to get on a team. If you do not know anyone who is forming a team, enter your name in the players pool by calling Recreation Ext. 2873. The players pool needs players!!!

You will either be assigned to a team or a team will be formed of players-pool people. The type of play is slowbreak, so all age groups can participate. Sign up now!!!

Hospitality News

There will be a hospitality coffee on Tuesday, October 31, from 10 a.m. to noon, in apartment 7B here on site.

Softball News

Jim Petro

The softball season officially ended October 11, 1972 with the Annual Awards Night held at the Brookhaven Center. The turnout was excellent, as most teams of all four leagues came to applaud the champions and have some beer and snacks.

Due to the large unexpected attendance, the refreshments were consumed at a faster rate than last year. Hopefully, no one was left out. President Dick Ruffing opened the night welcoming the participants, and Bob Fuchs, Chairman of the Awards Committee, presented the awards.

Special awards were given to Dean Easler and Jim Hughes for pinch-hitting as umpires during the year. After the presentations, the night was spent drinking beer and talking about what might have been. Now is the time to start planning for next year to try and make the program grow.

Hope to see all of you next year at spring training.

Placement Notices

Each week, the BROOKHAVEN BULLETIN lists personnel placement requisitions currently being processed. The purpose of these listings is, first, to give notice of all non-scientific staff positions being filled and, second, to give employees an opportunity to request consideration for themselves or others whom they wish to recommend to BNL. In filling vacancies, the Laboratory's objective is to give first consideration to present employees, as follows: employees within the immediate group having the vacancy, employees within the department or division, employees within the Laboratory as a whole.

For further information regarding a placement notice, please contact Employment Supervisor, extension 2879 or 2882.
