

14th Annual CFN Image Contest

Submit your entries by:
October 6, 2023
National Nanotechnology Day

Join us as we celebrate National Nano Day on 10/9, in collaboration with the National Nanotechnology Initiative (NNI), by showcasing images highlighting our work at CFN.

Submit all images by 10/6.

All submissions will be entered in the 2023 CFN Image Contest; 1st and 2nd place prizes will be awarded in each category. First-place images in each category will be framed and hung in the main corridor gallery of the CFN. All images will be considered for the 2024 CFN desk calendar.

Eligibility:

CFN users and staff; limited to one submission per category.

Submission Guidelines:

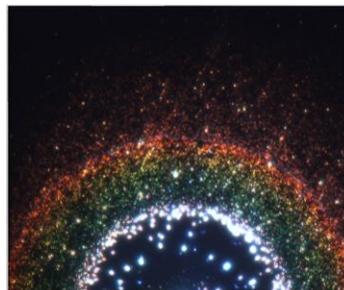

Include the image file, saved as both a high-resolution PDF and a JPG, TIF, or PNG; submitter's name, institution, and address; and a brief description of the image and the CFN instrument used (if applicable).

Submit Entries To:

Pam Ciufo, ciufo@bnl.gov

Submit an entry for one or both categories:

- **Scientific and Technical**
- **Life at the CFN**

2022 Scientific and Technical 1st Place Winner

"Nano Rainbow"

Feiyue Teng, CFN Staff, Brookhaven National Lab

*A moment of gold nanoparticle (50 nm) agglomeration in its drying aqueous suspension around an air bubble.
CFN instrument used: Nikon Eclipse Ti2 Hyperspectral Dark Field Microscope
Feiyue Teng, CFN Staff, Brookhaven National Lab*

2022 Life at the CFN 1st Place Winner

"The sky speaks in a thousand colors"

Sayantani Sikder, CFN User, Stony Brook University

The first seven images in each category will receive a small participation gift if submitted by 10/6/23.
