

## CALL FOR ABSTRACTS

All Brookhaven National Lab (BNL) postdocs and students are invited to submit abstracts for an oral or a poster presentation at the 2019 BNL Early Career Researcher Symposium. This event will bring together the BNL community to showcase the important research that our early career scientists are conducting.

The entire BNL community is encouraged to attend.

### Eligibility

All postdocs and students who perform at least a portion of their research at BNL are invited to submit an abstract.

### Selection Process

Submissions will be evaluated by a diverse committee of BNL scientists using the following criteria: novelty, impact, relevance to the Laboratory mission, and accessibility to a general scientific audience. Participants not accepted for an oral presentation are encouraged to present a poster. All poster abstracts submitted by October 18 will be accepted.

### Poster Presentations

New posters may be submitted for on-site printing by October 31, 2019.

Prizes for the best talks and posters will be presented on the day.

**November 14, 2019**

Brookhaven National Lab  
Berkner Hall
