

Sci-Ed Day

a teacher professional development day at Brookhaven National Laboratory

Dear Educator:

The Office of Educational Programs at Brookhaven National Laboratory (BNL) would like to invite you to participate in our 4th annual Sci-Ed Day on Tuesday, November 4, 2014. Sci-Ed day is a professional development event for all teachers to participate in a variety of workshops.

Educators can choose a workshop that suits their grade level and interest. They will meet BNL scientific staff, tour a research facility and participate in a lab-based activity that is grounded in research at BNL.

The workshop titles and grade levels are as follow:

- Shine On! An Intro to Solar Energy (Elementary)
- Alternative Energy (Middle School)
- Structural Biology and Drug Design (High School)
- Building with 3D Printing (Middle School and High School)

For workshop details and registration please visit our website <http://www.bnl.gov/education/static/scied-day-2014.asp>. Participants will select one workshop and one tour. The fee is \$50.00 per participant. The day will include continental breakfast and lunch. Participation certificates will be distributed at the conclusion of the event.

The agenda is as follows:
