INTRODUCTION

We are pleased to welcome you to the group dental plan for **Brookhaven Science Associates, LLC**. Your plan is self-funded by your employer and your claims are administered by Delta Dental. Our goal is to provide you with the highest quality dental care and to help you maintain good dental health. We encourage you not to wait until you have a problem to see the Provider, but to see him/her on a regular basis.

This Employee Benefit Booklet is a summary of your group dental program. Please read it carefully. It only summarizes the detailed provisions of the group dental contract issued by Delta Dental of New York, Inc. ("Delta Dental") and cannot modify the Contract in any way.

COST OF COVERAGE

You are required to contribute towards the cost of your coverage.

You are required to contribute towards the cost of your Dependent Enrollee's coverage.

We may cancel the Contract 30 days after written notice to the Contractholder if the cost of coverage is not paid when due.

ELIGIBILITY AND ENROLLMENT

Eligibility Requirements

An employee becomes eligible on whichever is later, the Effective Date or on the date of hire.

If your dependents are covered, they will be eligible when you are or as soon as they become dependents.

- Dependents are the Primary Enrollee's Spouse or Domestic Partner and unmarried dependent children from birth to age 23.
- Children include natural children, stepchildren, children of a Domestic Partner, foster children, adopted children, children placed for adoption and children of a partner as recognized by the Contractholder. The dependents of Primary Enrollees are eligible to enroll on the same date that the employee, of whom they are a Dependent, becomes a Primary Enrollee. Later-acquired dependents become eligible as soon as they acquire dependent status.
- An overage unmarried dependent child may be eligible if:
  (1) he or she is incapable of self-sustaining employment because of a physically or mentally disabling injury, illness or condition that began prior to reaching the limiting age;
  (2) he or she is chiefly dependent on the eligible employee for support; and
  (3) proof of dependent child's disability is provided within 31 days of request. Such requests will not be made more than once a year following a two (2)-year period after this dependent reaches the limiting age. Eligibility will continue as long as the dependent relies on the eligible employee for support because of a physically or mentally disabling injury, illness or condition that began before he or she reached the limiting age.

Dependents serving active military duty are not eligible, as they are typically covered under health and dental coverage provided by the military while they are on active duty.

Enrollment Requirements

If the Contractholder is paying all coverages for you and your dependents, everyone is automatically enrolled.

If you are paying all or a portion of the coverage for yourself or your dependents then:

- You must enroll within 31 days after the date you become eligible or during an Open Enrollment Period.
- All dependents must be enrolled within 31 days after they become eligible or during an Open Enrollment Period.
- If you elect dependent coverage, you must enroll all of your Dependent Enrollees for coverage.
- You must pay the cost of coverage in the manner elected by the Contractholder and approved by us. Coverage cannot be dropped or changed other than during an Open Enrollment Period or because of a Qualifying Status Change.
- If you pay the cost of coverage for your Dependent Enrollees, you must pay in the manner elected by the Contractholder and approved by us until your dependents are no longer eligible or until you choose to drop dependent coverage. Coverage may not be changed at any time other than during an Open Enrollment Period or if there is a Qualifying Status Change.
- A child who is eligible as a Primary Enrollee and a dependent can be insured under the Contract as a Primary Enrollee or as a Dependent Enrollee but not both at the same time.

Loss of Eligibility

Your coverage ends on the earlier of the day you stop working for the Contractholder, are no longer an Eligible Employee of the Contractholder or immediately when the Contract ends. Your Spouse or Domestic Partner loses coverage when your coverage ends or when dependent status is lost. Your dependent children lose coverage when your coverage ends or the end of the Calendar Year when dependent status is lost.

Continuation of Benefits

We will not pay for any services/treatment received after your coverage ends. However, we will pay for covered services incurred while you were eligible if the procedures were completed within 31 days of the date your coverage ended.

A dental service is incurred:

- for an appliance (or change to an appliance), at the time the impression is made;
- for a crown, bridge or cast restoration, at the time the tooth or teeth are prepared;
- for root canal therapy, at the time the pulp chamber is opened; and
- for all other dental services, at the time the service is performed or the supply furnished.

Strike, Lay-off and Leave of Absence

You and your dependents will not be covered for any dental services received while you are on strike, lay-off or leave of absence, other than as required under the Family & Medical Leave Act of 1993 or other applicable state or federal law*.

Benefits for you and your Dependent Enrollees will resume as follows:

- if coverage is reactivated in the same Calendar Year, Deductibles and maximums will resume as if you were never gone; or
- if coverage is reactivated in a different Calendar Year, new Deductibles and maximums will apply.

Coverage will resume provided the Contractholder submits a request to Delta Dental that coverage be reactivated.

*Coverage for you and your dependents is not affected if you take a leave of absence allowed under the Family & Medical Leave Act of 1993 or other applicable state or federal law. If you are currently paying any part of your cost of coverage, you may choose to continue coverage. If you do not continue coverage during the leave, you can resume that coverage on your return to active work as if no interruption occurred.

Important: The Family & Medical Leave Act of 1993 does not apply to all companies, only those that meet certain size guidelines. See your Human Resources Department for complete information.

If you are rehired within the same Calendar Year, Deductibles and maximums will resume as if you were never gone.

Continued Coverage under USERRA

As required under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), if you are covered by the Contract on the date your USERRA leave of absence begins, you may continue dental coverage for yourself and any covered dependents. Continuation of coverage under USERRA may not extend beyond the earlier of:

- 24 months, beginning on the date the leave of absence begins, or;
- the date you fail to return to work within the time required by USERRA.

For USERRA leave that extends beyond 31 days, the cost of coverage for continuation of coverage will be the same as for COBRA coverage.

Continuation of Coverage Under COBRA

COBRA (the Consolidated Omnibus Budget Reconciliation Act of 1985) provides a way for you and your Dependent Enrollees who lose employer-sponsored group health plan coverage to continue coverage for a period of time. COBRA does not apply to all companies, only those that meet certain size guidelines. See your Human Resources Department for complete information.

We do not assume any of the obligations required by COBRA of the Contractholder or any employer (including the obligation to notify potential beneficiaries of their rights or options under COBRA).

CONDITIONS UNDER WHICH BENEFITS ARE PROVIDED

We will pay Benefits for the dental services described in Attachment B. We will pay Benefits only for covered services. The Contract covers several categories of dental services when a Provider provides them and when they are necessary and within the standards of generally accepted dental practice standards. Claims will be processed in accordance with our standard processing policies. The processing policies may be revised at the beginning of a Calendar Year to comply with annual CDT changes made by the American Dental Association and to reflect changes in generally accepted dental practice standards. Delta Dental will provide advance notice of such changes to the Contractholder who will then distribute to Primary Enrollees.

We will use the processing policies that are in effect at the time the claim is processed. We may use dentists (dental consultants) to review treatment plans, diagnostic materials and/or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis. Limitations and Exclusions will be applied for the period the person is an Enrollee under any Delta Dental program or prior dental care program provided by the Contractholder subject to receipt of such information from the Contractholder or at the time a claim is submitted. Additional eligibility periods, if any, are listed in Attachment A. If you receive dental services from a Provider outside the state of New York, the Provider will be paid according to Delta Dental's network payment provisions for said state according to the terms of the Contract.

If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable under the Contract. Even if the Provider bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.

Enrollee Coinsurance

We will pay a percentage of the Maximum Contract Allowance for covered services, as shown in Attachment A and you are responsible for paying the balance. What you pay is called the enrollee coinsurance ("Enrollee Coinsurance") and is part of your out-of-pocket cost. You pay this even after a Deductible has been met.

The amount of your Enrollee Coinsurance will depend on the type of service and the Provider providing the service (see section titled "Selecting Your Provider"). Providers are required to collect Enrollee Coinsurance for covered services. Your group has chosen to require Enrollee Coinsurances under this program as a method of sharing the costs of providing dental Benefits between the Contractholder and Enrollees. If the Provider discounts, waives or rebates any portion of the Enrollee Coinsurance to you, we will be obligated to provide as Benefits only the applicable percentages of the Provider's fees or allowances reduced by the amount of the fees or allowances that are discounted, waived or rebated.

It is to your advantage to select PPO Providers because they have agreed to accept the Maximum Contract Allowance as payment in full for covered services, which typically results in lower out-of-pocket costs for you. Please refer to the section titled "Selecting Your Provider" for more information.

Deductible

Your dental plan features a Deductible. This is an amount you must pay out-of-pocket before Benefits are paid. The Deductible amounts are listed in Attachment A. Deductibles apply to all benefits unless otherwise noted. Only the Provider's fees you pay for covered Benefits will count toward the Deductible.

Maximum Amount

Most dental plans have a Maximum Amount. A Maximum Amount is the maximum dollar amount we will pay toward the cost of dental care. You are responsible for paying costs above this amount. The Maximum Amount payable is shown in Attachment A. Maximums may apply on a yearly basis, a per services basis, or a lifetime basis.

Pre-Treatment Estimate

Pre-Treatment Estimate requests are not required; however, your Provider may file a Claim Form before beginning treatment, showing the services to be provided to you. We will estimate the amount of Benefits payable under the Contract for the listed services. By asking your Provider for a Pre-Treatment Estimate from us before you agree to receive any prescribed treatment, you will have an estimate up front of what we will pay and the difference you will need to pay. The Benefits will be processed according to the terms of the Contract when the treatment is actually performed. Pre-Treatment Estimates are valid for 365 days unless other services are received after the date of the Pre-Treatment Estimate, or until an earlier occurrence of any one of the following events:

- the date the Contract terminates;
- the date Benefits under the Contract are amended if the services in the Pre-Treatment Estimate are part of the amendment;
- the date your coverage ends; or
- the date the Provider's agreement with Delta Dental ends.

A Pre-Treatment Estimate does not guarantee payment. It is an estimate of the amount we will pay if you are enrolled and meet all the requirements of the program at the time the treatment you have planned is completed and may not take into account any Deductibles, so please remember to figure in your Deductible if necessary.

Coordination of Benefits

We coordinate the Benefits under the Contract with an Enrollee's benefits under any other group or pre-paid plan or Benefit plan designed to fully integrate with other policies. If this plan is the "primary" plan, we will not reduce Benefits. If this plan is the "secondary" plan, we may reduce Benefits otherwise payable under the Contract so that the total benefits paid or provided by all plans do not exceed 100 percent of total allowable expense.

- How do we determine which plan is the "primary" program?

  (1) The plan covering you as an employee is primary over a plan covering you as a dependent.

  (2) The plan covering you as an employee is primary over a plan which covers the insured person as a dependent; except that: if the insured person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:

  a) secondary to the plan covering the insured person as a dependent and

  b) primary to the plan covering the insured person as other than a dependent (e.g. a retired employee), then the benefits of the plan covering the insured person as a dependent are determined before those of the plan covering that insured person as other than a dependent.

  (3) Except as stated below, when this plan and another plan cover the same child as a dependent of different persons, called parents:

  a) The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year, but

  b) If both parents have the same birthday, the benefits of the plan which covered one parent longer are determined before those of the plan which covered the other parent for a shorter period of time.

  c) However, if the other plan does not have the birthday rule described above, but instead has a rule based on the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

  (4) In the case of a dependent child of legally separated or divorced parents, the plan covering the Enrollee as a dependent of the parent with legal custody, or as a dependent of the custodial parent's Spouse or Domestic Partner (i.e. step-parent) will be primary over the plan covering the Enrollee as a dependent of the parent without legal custody. If there is a court decree which would otherwise establish financial responsibility for the health care expenses with respect to the child, the benefits of a plan which covers the child as a dependent of the parent with such financial responsibility will be determined before the benefits of any other policy which covers the child as a dependent child.

  (5) If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child will follow the order of benefit determination rules outlined in (3) a) through (3) c).

  (6) The Benefits of a plan which covers an insured person as an employee who is neither laid off nor retired are determined before those of a plan which covers that insured person as a laid off or retired employee. The same would hold true if an insured person is a dependent of a person covered as a retiree and an employee. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

  (7) If an insured person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following will be the order of benefit determination:

  a) First, the Benefits of a plan covering the insured person as an employee or Primary Enrollee (or as that insured person's dependent);

  b) Second, the Benefits under the continuation coverage.

  If the other plan does not have the rule described above, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

(8) If none of the above rules determine the order of benefits, the benefits of the plan which covered you longer are determined before those of the plan which covered you for the shorter term.

(9) When determination cannot be made in accordance with the above, the benefits of a plan that is a medical plan covering dental as a benefit shall be primary to a dental-only plan.

SELECTING YOUR PROVIDER

Free Choice of Provider
You may see any Provider for your covered treatment whether the Provider is a PPO Provider, Premier Provider or a Non-Delta Dental Provider. This plan is a PPO plan and the greatest benefits – including out-of-pocket savings – occur when you choose a PPO Provider. To take full advantage of your Benefits, we highly recommend you verify a Provider's participation status within a Delta Dental network with your dental office before each appointment. Review this section for an explanation of Delta Dental payment procedures to understand the method of payments applicable to your Provider selection and how that may impact your out-of-pocket costs.

Locating a PPO Provider
You may access information through our website at deltadentalins.com. You may also call our Customer Service Center and one of our representatives will assist you. We can provide you with information regarding a Provider's network participation, specialty and office location.

Choosing a PPO Provider
A PPO Provider potentially allows the greatest reduction in Enrollees' out-of-pocket expenses since this select group of Providers will provide dental Benefits at a charge that has been contractually agreed upon. Payment for covered services performed by a PPO Provider is based on the Maximum Contract Allowance.

Choosing a Premier Provider
A Premier Provider is a Delta Dental Provider who has not agreed to the features of the PPO plan. Payment for covered services performed by a Premier Provider is based on the Maximum Contract Allowance. The amount charged by a Premier Provider may be above that accepted by PPO Providers but no more than the Delta Dental Premier Contracted Fee.

Choosing a Non-Delta Dental Provider
If a Provider is a Non-Delta Dental Provider, the amount charged to Enrollees may be above that accepted by PPO or Premier Providers, and Enrollees will be responsible for balance billed amounts. Payment for covered services performed by a Non-Delta Dental Provider is based on the Maximum Contract Allowance, and the Enrollee may be balance billed up to the Provider's Submitted Fee.

Additional Obligations of PPO and Premier Providers
- The PPO Provider or Premier Provider must accept assignment of Benefits, meaning these Providers will be paid directly by Delta Dental after satisfaction of the Deductible and Enrollee Coinsurance. The Enrollee does not have to pay all the dental charges while at the dental office and then submit the claim for reimbursement.
- The PPO Provider or Premier Provider will complete the dental Claim Form and submit it to Delta Dental for reimbursement.
- PPO and Premier Providers accept contracted fees as payment in full for covered services and will not balance bill if there is a difference between Submitted Fees and contracted fees.

How to Submit a Claim

Claims for Benefits must be filed on a standard Claim Form that is available in most dental offices. PPO and Premier Providers will fill out and submit your claims paperwork for you. Some Non-Delta Dental Providers may also provide this service upon your request. If you receive services from a Non-Delta Dental Provider who does not provide this service, you can submit your own claim directly to us. Please refer to the section titled "Notice of Claim Form" for more information.
Your dental office should be able to assist you in filling out the Claim Form. Fill out the Claim Form completely and send it to:

Delta Dental
P.O. Box 2105
Mechanicsburg, PA 17055

Payment Guidelines

We do not pay PPO or Premier Providers any incentive as an inducement to deny, reduce, limit or delay any appropriate service.

If you or your Provider files a claim for services more than 12 months after the date you received the services, payment may be denied. If the services were received from a Non-Delta Dental Provider, you are still responsible for the full cost. If the payment is denied because your PPO Provider failed to submit the claim on time, you may not be responsible for that payment. However, if you did not tell your PPO Provider that you were covered under a Delta Dental Policy at the time you received the service, you may be responsible for the cost of that service.

If you have any questions about any dental charges, processing policies and/or how your claim is paid, please contact us.

Provider Relationships

Enrollees and Delta Dental agree to permit and encourage the professional relationship between Provider and Enrollee to be maintained without interference. Any PPO, Premier or Non-Delta Dental Provider, including any Provider or employee associated with or employed by them, who provides dental services to an Enrollee does so as an independent contractor and shall be solely responsible for dental advice and for performance of dental services, or lack thereof, to the Enrollee.

CLAIMS APPEAL

We will notify you and your Provider if Benefits are denied for services submitted on a Claim Form, in whole or in part, stating the reason(s) for denial. You have at least 180 days after receiving a notice of denial to request an appeal or grievance by writing to us giving reasons why you believe the denial was wrong. You and your Provider may also ask Delta Dental to examine any additional information provided that may support the appeal or grievance.

Send your appeal or grievance to us at the address shown below:

Delta Dental
P.O. Box 1860
Alpharetta, GA 30023

We will send you a written acknowledgment within 5 days upon receipt of the appeal or grievance. We will make a full and fair review and may ask for more documents during this review if needed. The review will take into account all comments, documents, records or other information, regardless of whether such information was submitted or considered initially. If the review is of a denial based in whole or in part on lack of dental necessity, experimental treatment or clinical judgment in applying the terms of the Contract, we shall consult with a dentist who has appropriate training and experience. The review will be conducted for us by a person who is neither the individual who made the claim denial that is subject to the review, nor the subordinate of such individual. We will send the Enrollee a decision within 30 days after receipt of the Enrollee's appeal or grievance.

If the Enrollee believes he/she needs further review of their appeal or grievance, he/she may contact his/her state regulatory agency if applicable. If the group health plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), the Enrollee may contact the U.S. Department of Labor, Employee Benefits Security Administration (EBSA) for further review of the claim or if the Enrollee has questions about the rights under ERISA. The Enrollee may also bring a civil action under section 502(a) of ERISA. The address of the U.S. Department of Labor is: U.S. Department of Labor, Employee Benefits Security Administration (EBSA), 200 Constitution Avenue, N.W. Washington, D.C. 20210.

To make a claim, the form should be completed and signed by the Provider who performed the services and by the patient (or the parent or guardian if the patient is a minor) and submitted to us at the address above.

If the form is not furnished by us within 15 days after requested by you or your Provider, the requirements for proof of loss set forth in the next paragraph will be deemed to have been complied with upon the submission to us, within the time established in said paragraph for filing proofs of loss,

of written proof covering the occurrence, the character and the extent of the loss for which claim is made. You or your Provider may download a Claim Form from our website.

Written Notice of Claim/Proof of Loss

We must be given written proof of loss within 12 months after the date of the loss. If it is not reasonably possible to give written proof in the time required, the claim will not be reduced or denied solely for this reason, provided proof is filed as soon as reasonably possible. In any event, proof of loss must be given no later than one year from such time (unless the claimant was legally incapacitated).

All written proof of loss must be given to us within 12 months of the termination of the Contract.

Time of Payment

Claims payable under the Contract for any loss other than loss for which the Contract provides any periodic payment will be processed no later than 30 days after written proof of loss is received. We will notify you and your Provider of any additional information needed to process the claim within this 30 day period.

To Whom Benefits Are Paid

It is not required that the service be provided by a specific dentist. Payment for services provided by a PPO or Premier Provider will be made directly to the dentist. Any other payments provided by the Contract will be made to you. All Benefits not paid to the Provider will be payable to you, the Primary Enrollee, or Dependent Enrollee, or to your estate, or to an alternate recipient as directed by court order, except that if the person is a minor or otherwise not competent to give a valid release, Benefits may be payable to his or her parent, guardian or other person actually supporting him or her.

Misstatements on Application: Effect

In the absence of fraud or intentional misrepresentation of material fact in applying for or procuring coverage under the Contract, all statements made by you or the Contractholder will be deemed representations and not warranties. No such statement will be used in defense to a claim under the Contract, unless it is contained in a written application.

Any misrepresentation, omission, concealment of fact or incorrect statement which is material to the acceptance of risk may prevent recovery if, had the true facts been known to us, we would not in good faith have issued the contract at the same coverage rate. If any misstatement would materially affect the rates, we reserve the right to adjust the coverage rate to reflect your actual circumstances at enrollment.

Legal Actions

No action at law or in equity will be brought to recover on the Contract prior to expiration of 60 days after proof of loss has been filed in accordance with requirements of the Contract, nor will an action be brought at all unless brought within three (3) years from expiration of the time within which proof of loss is required by the Contract.

- **Diagnostic and Preventive Services**

(1)	Diagnostic:	procedures to aid the Provider in determining required dental treatment.
(2)	Preventive:	cleaning (including scaling in the presence of generalized moderate or severe gingival inflammation-full mouth, which is considered to be a Diagnostic and Preventive Benefit, and periodontal maintenance, which is considered to be a Basic Benefit for payment purposes), topical application of fluoride solutions, space maintainers.
(3)	Palliative:	emergency treatment to relieve pain.
(4)	Sealants:	topically applied acrylic, plastic or composite materials used to seal developmental grooves and pits in permanent molars for the purpose of preventing decay.

Limitations

(1) Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called "Optional Services". Optional Services also include the use of specialized techniques instead of standard procedures.

Examples of Optional Services:
a) a crown where a filling would restore the tooth;
b) porcelain, resin or similar materials for crowns placed on a maxillary second or third molar, or on any mandibular molar (an allowance will be made for a porcelain fused to high noble metal crown); or
c) an overdenture instead of denture.

If an Enrollee receives Optional Services, an alternate Benefit will be allowed, which means We will base Benefits on the lower cost of the customary service or standard practice instead of on the higher cost of the Optional Service. The Enrollee will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.

(2) Exam and cleaning limitations:
a) We will pay for oral examinations (except after-hours exams and exams for observation) and cleanings (including scaling in presence of generalized moderate or severe gingival inflammation-full mouth, periodontal maintenance in the presence of inflamed gums or any combination thereof) no more than twice in a Calendar Year.
b) Note that periodontal maintenance, Procedure Codes that include periodontal maintenance is covered as a Basic Benefit and that routine cleanings (including scaling in the presence of generalized moderate or severe gingival inflammation-full mouth) are covered as a Diagnostic and Preventive Benefit.
c) Caries risk assessments are allowed once in 36 months.

(3) X-ray limitations:
a) We will limit the total reimbursable amount to the Provider's Accepted Fee for a complete intraoral series when the fees for any combination of intraoral x-rays in a single treatment series meet or exceed the Accepted Fee for a complete intraoral series.
b) When a panoramic film is submitted with supplemental film(s), We will limit the total reimbursable amount to the Provider's Accepted Fee for a complete intraoral series.
c) If a panoramic film is taken in conjunction with an intraoral complete series, We consider the panoramic film to be included in the complete series.
d) A complete intraoral series and panoramic film are each limited to once every 36 months.
e) Bitewing x-rays are limited to two (2) times in a Calendar Year for each Enrollee. Bitewings of any type are disallowed within six (6) months of a full mouth series unless warranted by special circumstances.
f) Image capture procedures are not separately allowable services.

(4) Topical application of fluoride solutions is limited to twice in a Calendar Year.

(5) Interim caries arresting medicament application is limited to twice per tooth per Calendar Year.

(6) Space maintainer are limited to the initial appliance and are a Benefit for an Enrollee to age 14. However, a distal shoe space maintainer-fixed-unilateral is limited to children eight (8) and younger. A separate/additional space maintainer can be allowed after the removal of a unilateral distal shoe.

(7) Pulp vitality tests are allowed once every 30 days when definitive treatment is not performed.

(8) Cephalometric x-rays are covered once every 36 months, oral/facial photographic images and diagnostic casts are covered once per lifetime in conjunction with Orthodontic Services only when Orthodontic Services are a covered benefit. If Orthodontic Services are covered, see Limitations as age limits may apply. However, 3D x-rays are not a covered benefit.

(9) Sealants are limited as follows:
   a) to permanent first and second molars to age 14 if they are without caries (decay) or restorations on the occlusal surface.
   b) repair or replacement of a Sealant on any tooth within 36 months of its application is included in the fee for the original placement.

(10) Specialist Consultations are limited to three (3) times every 12 months per Provider and count toward the oral exam frequency. Screenings of patients or assessments of patients reported individually when covered are limited to only one in a 12-month period and included if reported with any other examination on the same date of service and Provider office.

(11) We will not cover replacement of an amalgam or resin-based composite restorations (fillings) or prefabricated crowns within 24 months of treatment if the service is provided by the same Provider/Provider office. Replacement restorations within 24 months are included in the fee for the original restoration.

(12) Protective restorations (sedative fillings) are allowed once per tooth every 90 days when definitive treatment is not performed on the same date of service.

(13) Therapeutic pulpotomy is limited to once in a 24-month period for baby (deciduous) teeth only and is considered palliative treatment for permanent teeth.
