Care inside of the United States

Choosing your primary care provider
The primary care provider you choose will help lead you down the path toward better health. Your provider can:

- Administer wellness assessments and preventative screenings based on your medical history
- Prescribe treatment and help you make important health decisions
- Direct you to a specialist

There are different types of primary care providers that you can choose from:

- Internist
- Nurse practitioner
- Pediatrician
- Gynecologist

Walk-in clinics and urgent care centers
If you have a minor, non-life-threatening health concern, walk-in clinics and urgent care centers can be a great choice.

Reasons to consider a walk-in clinic or urgent care center:

- No appointment needed
- Convenient hours
- Lower costs

MinuteClinic® and HealthHUB®
We’re delivering a simpler, more convenient health care experience. MinuteClinic and HealthHUB health care providers at CVS Pharmacy® locations can:

- Diagnose, treat and write prescriptions
- Provide vaccinations, routine lab tests and educational resources for chronic conditions
- Treat minor wounds, abrasions, joint sprains and skin conditions

CARE team
No matter where you are in the world, the Care and Response Excellence (CARE) team is your single point of contact for 24/7 health support. When you’re inside the United States, they can help with:

- Pre-trip planning
- Locating providers and specialists
- Getting medical devices or prescription medications
- Assistance navigating the U.S. health care system

Contact our CARE team by calling the number on the back of your Member ID Card.
Care outside of the United States

We make it easy for you to find care when and where you need it no matter where you are.

Finding care

We have developed strong, secure partnerships with health care providers around the world that promote access to quality care.

When you’re outside the United States:
- We recommend staying in network to avoid paying upfront
- We can issue a Letter of Authorization (LOA) if you choose an out-of-network provider. This helps guarantee procedures will be covered and your provider will settle the charges with us.

CARE team

When you’re outside the United States and have questions about your health, you can call our Care and Response Excellence (CARE) team to get answers. These clinicians are available around the clock to help with:
- Finding doctors and hospitals in your specific region
- Providing culturally-appropriate care recommendations
- Coordinating and supervising medical evacuations
- Offering support in multiple languages
- Accessing medical devices or prescription medications

Avoid out-of-pocket costs

Aetna International has direct settlement agreements with our network of health care providers around the globe. This means:
- When you receive care the bills are sent to us to take care of directly
- If any copay or coinsurance is due from you, they’ll ask you for that at the time of service or send you a bill afterward

To ensure you go through a smooth direct settlement process:
- Contact us at least five days before your scheduled visit to request an LOA
- Bring a copy of the LOA and your Member ID Card to your appointment
- In emergency situations, please remember to get the care you need first

To access a list of all current direct settlement providers, go to AetnaInternational.com and log in.
Finding care

Through our global network, you have access to:

- **68,000** U.S. pharmacies
- **165,000** medical providers outside the U.S.
- **1.3 million** doctors, hospitals and medical facilities in the U.S.
- **1,100** MinuteClinic and HealthHUB locations in over 33 states in the U.S.
