

# IAEA CAREERS TIP SHEET

## EMPLOYMENT OPPORTUNITIES AT THE IAEA

Working abroad at the IAEA is a great way to gain experience at an international organization. Employment opportunities exist in a broad range of areas including (but not limited to) nuclear safeguards, nuclear security, nuclear energy, project management, human resources, communications law, environmental monitoring, food and agriculture, and cancer therapy. Start your job search early, as some employment opportunities occur less regularly than others. The links below can be used to search for IAEA employment opportunities:
