

Pupin Hall is located at 538 W 120th Street (between Amsterdam Avenue and Broadway – nearer to Broadway).

- The main campus entrance is on Broadway at 116th Street, so you can always enter the campus there and walk to the north-west corner of campus and enter Pupin via the main entrance (you actually enter on the 5th floor of Pupin). As a landmark, Pupin has a small copper covered telescope dome on the top floor.
- Between Pupin and the Northwest Corner Building (on 120th Street) there is a set of outdoor stairs that take you from street level (2nd floor) to the campus level (5th floor). At the top of the stairs take a left to the main Pupin entrance.
