TITLE:
CSX-Holography (23-ID-1) Equipment Readiness Review (ERR) Preliminary Report

REVIEWERS:
A. Ackerman, E. Cheswick, M. Cubillo, R. Farnsworth, S. Hulbert, T. Nehring,
E. Stavitski.

DISTRIBUTION:
Reviewers listed above.
M. Bebon, J. Hill, W. Hu, E. Johnson, R. Lee, C. Mazzoli, S. McSweeney, K. Rubino, T. Shaftan, Q. Shen, S. Wilkins, P. Zschack.

The ERR Review Team has completed the on-site readiness review and document analysis for the subject instrument. This report is to provide preliminary status for any pre-start findings identified.

The Review Team identified no pre-start findings for the CSX Holography chamber. Technical commissioning of this chamber may begin once authorization is provided by the Photon Sciences Division Director.

Post-start findings and observations will be detailed in a final ERR report.
