

**A Celebration of the Career and Accomplishments
of Satoshi Ozaki
Physics Seminar Room, Bldg. 510**

Date Tuesday, October 17, 2017

9:15 – 10:15 am Light Refreshments – Physics Lounge

9:30 – 10:05 am The Three Village Chamber Players – slide show of Satoshi

Morning Session - Chair: Michael Harrison

10:10 – 10:15 am Welcome - Doon Gibbs

10:15 – 11:00 am Early Days at BNL
1. A Physics Friendship - JJ Russell, U Mass
2. Some Pleasant Youthful Memories - Usha Mallik, University of Iowa

11:00 – 11:15 am Break

11:15 – 12:00 pm Japanese Era
1. KEK Days – Hirotaka Sugawara, Okinawa Institute of Science and Technology
2. May His Strong Force Be With Us - Hideto En'yo, Director, Nishina Center, RBRC

12:00 – 12:30 pm Satoshi and CERN - Lyn Evans, CERN

12:30 – 1:30 pm Lunch (on own)

1:30 – 2:00 pm Dedication – Berndt Mueller - Tree Planting (weather permitting) Berkner Representative from Japanese Embassy

Afternoon Session Chair: Thomas Ludlam

2:00 – 3:00 pm RHIC Project
1. RHIC and the Brilliance of Satoshi's Leadership - Jim Yeck, Wisconsin
2. Heavy Ion Physics before and after RHIC - Wit Busza, MIT

3:00 – 3:15 pm Break

3:20 – 3:50 pm Satoshi and the NSLS-II Project - Ferdinand Willeke

4:00 – 5:00 pm	Personal Reflections	
	Nick Samios	20 minutes
	Tim Hallman	5 minutes
	Doris Rueger	“
	Nick Simos	“
	Sue Foster	“
	John Hauser	“
	Open Mic – Open the floor to audience (2 minutes maximum per person)	
5:30 – 6:30 pm	Reception – Berkner Hall (fee required)	
6:30 – 8:30 pm	Dinner - Recollections of Satoshi and BNL – Peter Bond (fee required)
